

Colour Explorer Missions

Go on a spotting adventure at home or outside. Can you see any grey things? Are they light grey, dark grey or somewhere in between? Look for pebbles, roads, roof tops, brick walls and street lamps.

Use a grey pencil to draw a top-down view of a road on some paper. Keep adding sheets of paper to make the road longer and longer. You could add zebra crossings too. Use toy cars to zoom along, but make sure you stop for any stuffed toys wanting to cross the road. Vroom!

Gather 3 pebbles each, and draw a circle on the ground in a nice, open space outside. Try throwing your pebbles into the circle, one at a time. Whoever gets to most pebbles into the circle is the winner!

Fact File

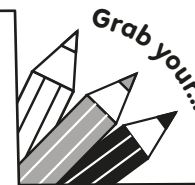

Black and White mix to make Grey!
These things are grey

For your next mission, find the episode 'Return of the Printing Crew'

Grey

This grey adventure belongs to...

Grab your pencils and mix Black and White to make Grey!

Black

White

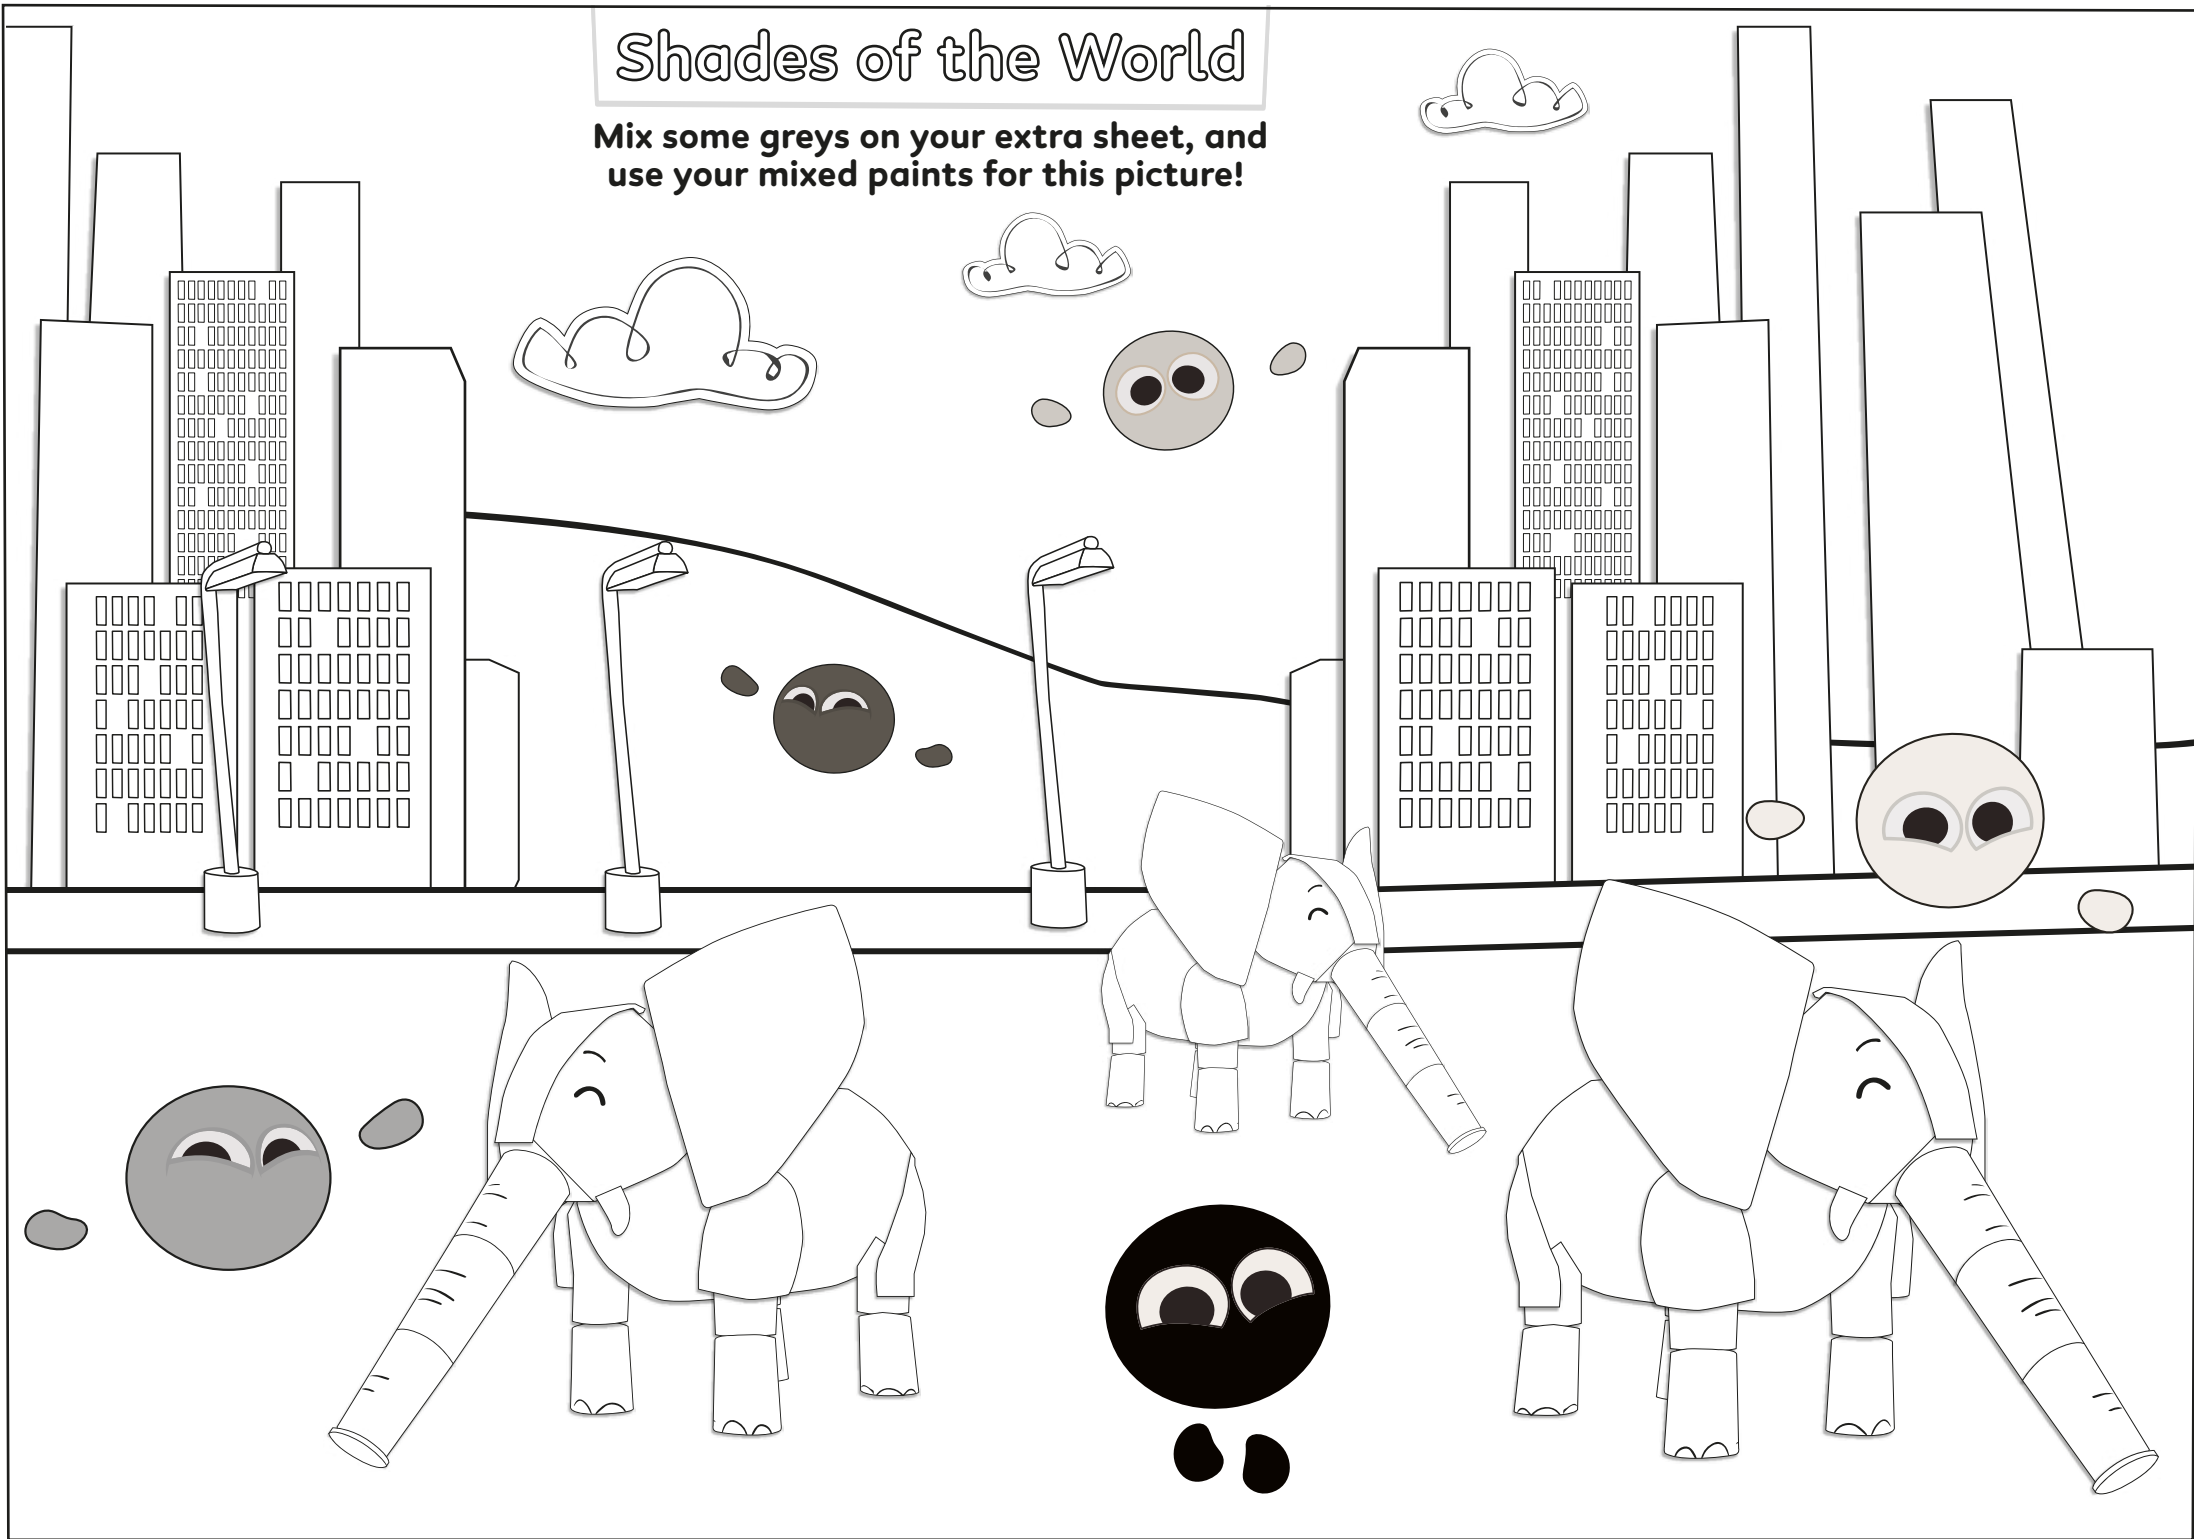

Level 3

Learn about Grey

Grey

Shades of the World

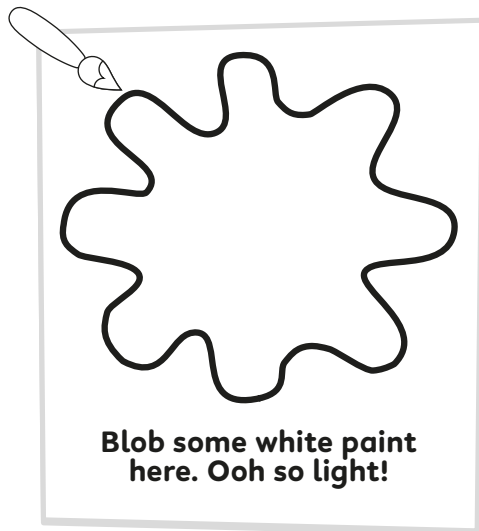

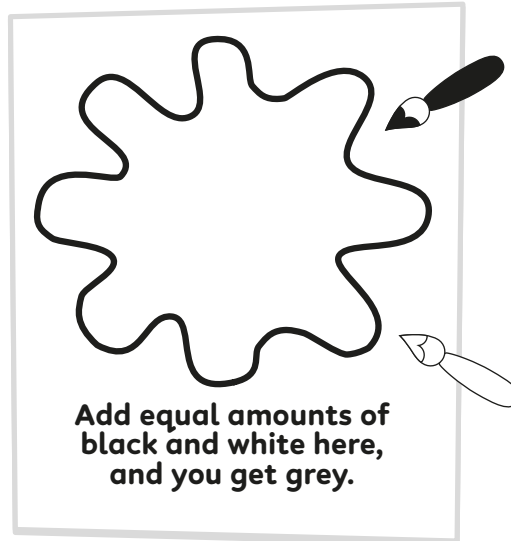

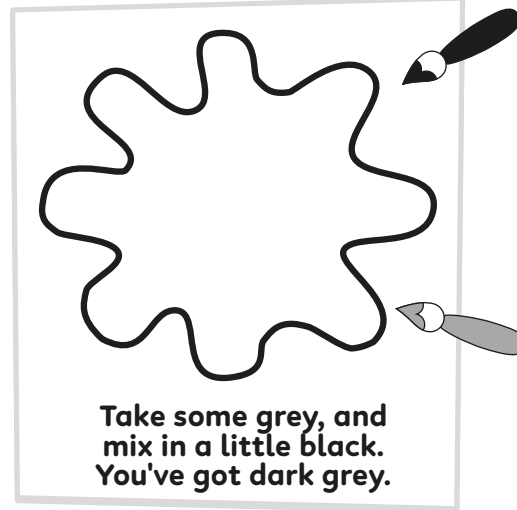

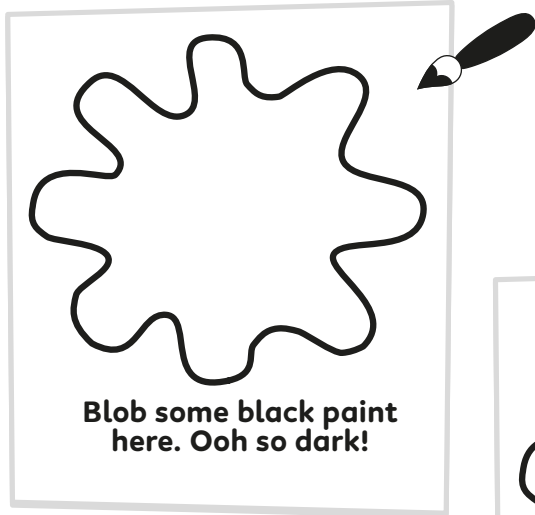

Mix some greys on your extra sheet, and use your mixed paints for this picture!

Mixing sheet!

Did you know, that you can make Light Grey and Dark Grey by mixing Black or White with Grey? Now try mixing these colours with your paints

Pop some newspaper down, grab an apron and find your black and white paints.

Play Together

Name that animal!
Take turns to shout out a grey animal. Keep going until one player can't think of any more. Here are some ideas to start you off: elephant and koala. Now try it with black and white animals too, like a zebra and cow.

Cut out and wear your special badge!
