

Colour Explorer Missions

Listen to the song again and make up your own verse. Each character lists some colourful items in their verse, but can you think of any more?

The world is full of colour! Now that you've met so many, go on a colour hunt with your grown-up. Keep tally of how many colours you spot.

Pop some newspaper down and wear an apron, then get creative with some paint. Have fun printing with your hands, fingers, a sponge, a toothbrush and scrunched up foil. Can you use any other fun textures? Choose all the colours you can think of!

Cut out and wear your special badge!

For your next mission, find the episode 'The Mixing Factory'
