

Number Explorer Missions

Make two piles of three cushions. How many cushions are there all together?

Draw Six a car with 6 wheels

Take six big steps outside

Spot six signs when you are out

Play Together

Play Six's dice game! Find a six-sided dice at home, or use a dice roller online, and take turns with your little learner to roll it. When you roll the dice, shout out the number and draw it in the air. Roll again if you get a six. The first person to draw all six different numbers wins!

For your next mission, find the episode 'Seven'
