

# Number Explorer Missions

Make a pile of 6 toys.  
Try to split the pile into more piles. Make sure all the piles have the same number of things!

Can you make 2 piles with the same number of things? What about 3 piles?

## Play Together

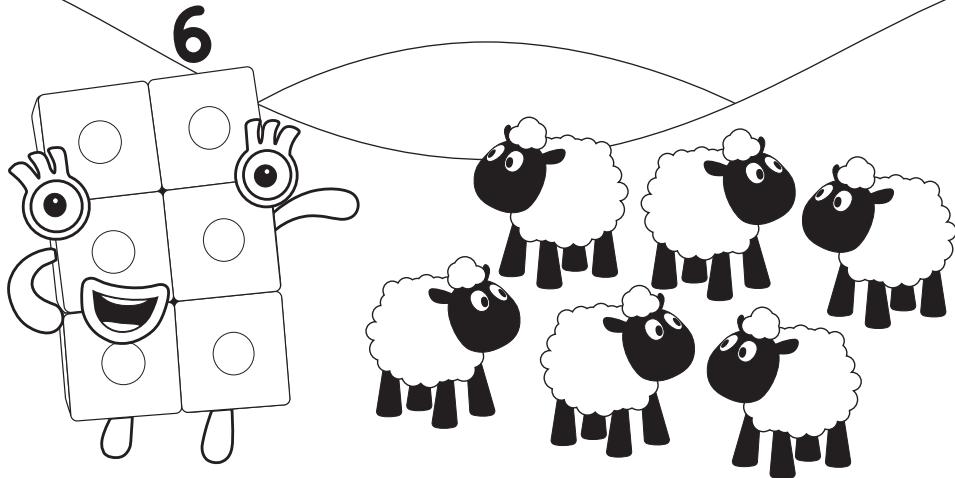

Counting Sheep! Cut out the 6 sheep and hide them around the house in groups of 3s, 2s, or 1s. Use a container as a sheep pen, get your little learner to find the sheep and return them to the sheep pen. Encourage them to count the sheep as they put them in the sheep pen.

For your next mission, find the episode 'Double Trouble'

# Counting Sheep

This mission belongs to \_\_\_\_\_

Print pages 1 and 2 double-sided and fold in half to make a booklet

How many sheep can you see?  
Help Six count them!

Level 2

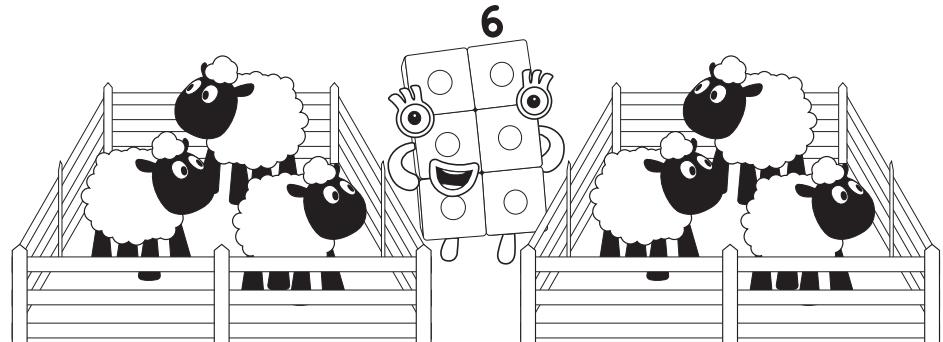

Factors of 6

Counting Sheep

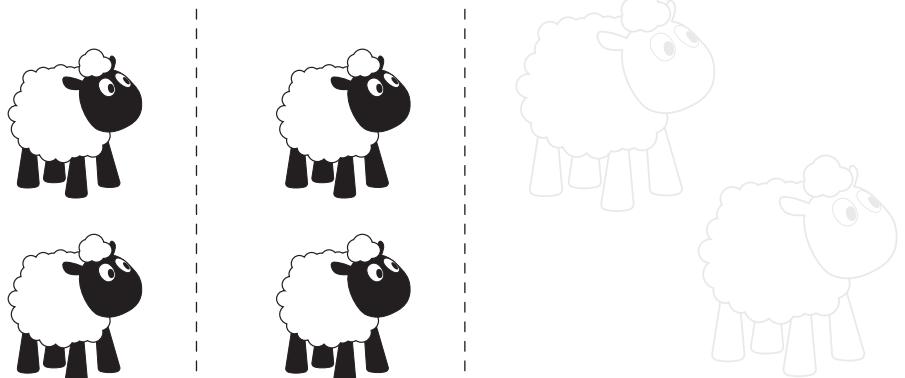

## Touch and count!

How many sheep are in each group?  
How many sheep are there all together?

## Draw and count!

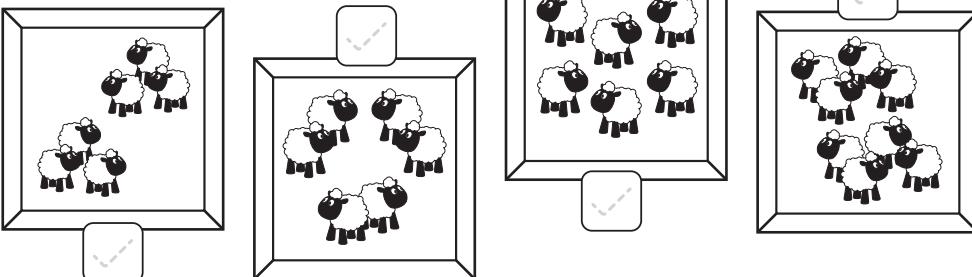

One lot of sheep is missing!  
Can you draw the missing sheep so there  
are 6 sheep all together?

2

## Count and tick!

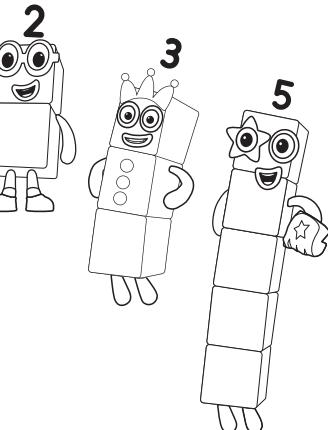

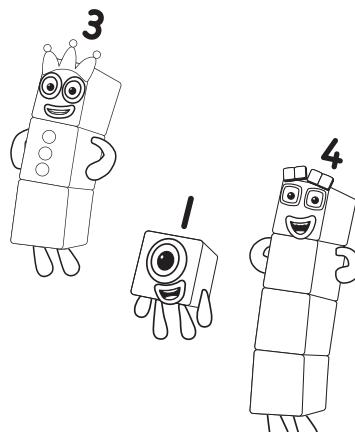

Tick all the pictures with 6 sheep.

3

## Match up!

Draw a line to match  
the Numberblocks that  
can make 6.
