

# Number Explorer Missions

Try and find some big steps whilst you are out and about. Walk up them counting to 15 as you go. Then turnaround and count back down "15, 14, 13..."

Between you and a grown-up, hold up 15 fingers. Who's holding up the most? Can you find other ways?

Try counting down 1 at a time until there are no fingers left to count on any of the hands.

Take 15 steps forward, then 14 steps forward, then 13 steps forward. What's next?

## Play Together

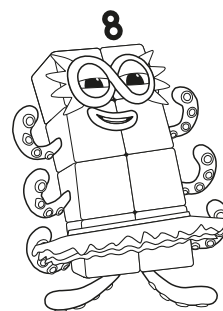

**Number Hunt** Go on a Number hunt with your little learner. See if you can find all the numbers up to 15! You can do this anywhere. As a bonus, see if you can find groups of things that add up to 15.

For your next mission, find the episode 'On Your Head'

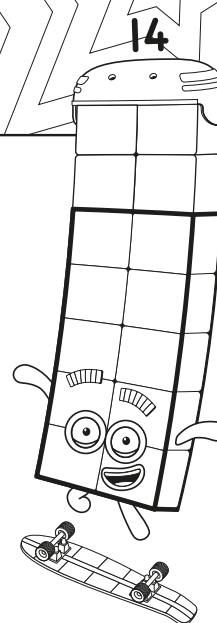

# Fifteen's Minute of Fame

This mission belongs to \_\_\_\_\_

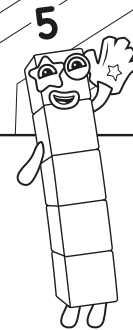

Fifteen's friends have some tremendous talents!

Numbers to 15

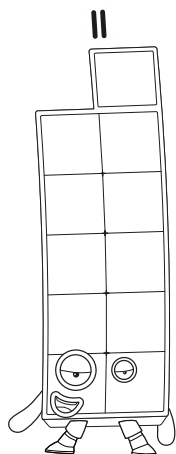

Fifteen's Minute of Fame

# Spot it!

My talent  
is heading a  
football!  
Oops...

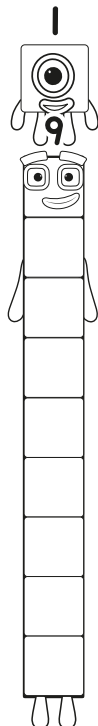

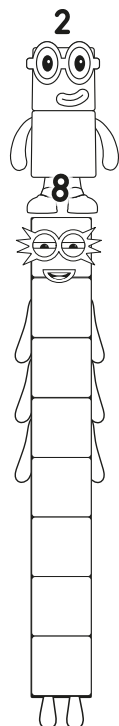

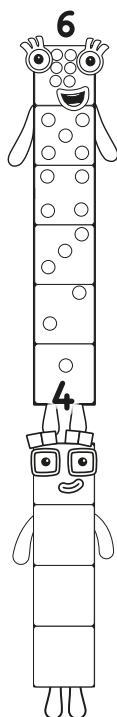

Can you find the  
11 footballs on  
these pages?

## Number pairs

**Numbercadabra!**  
What number has each pair of  
Numberblocks made?

10

15

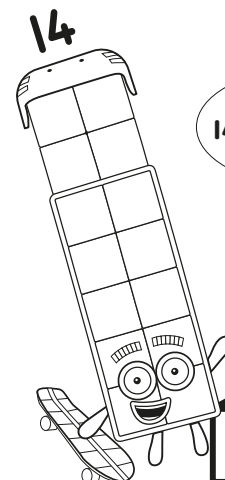

2

# Making shapes!

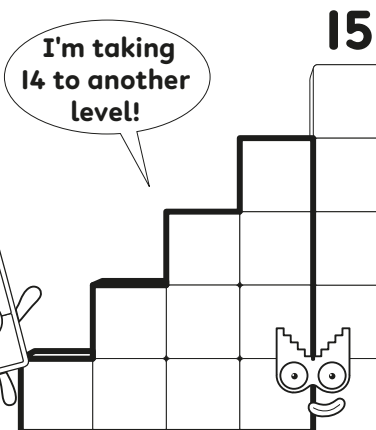

How many  
blocks are  
there in  
this step  
shape?

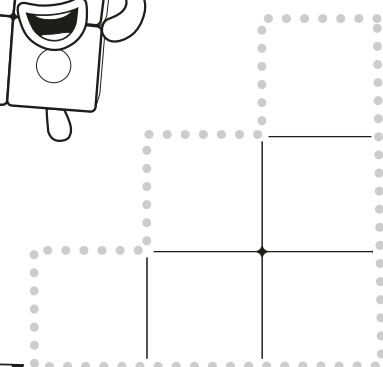

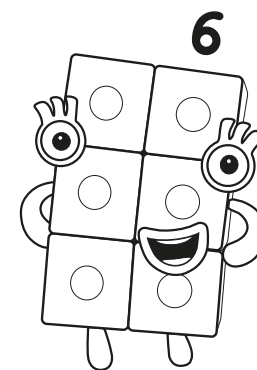

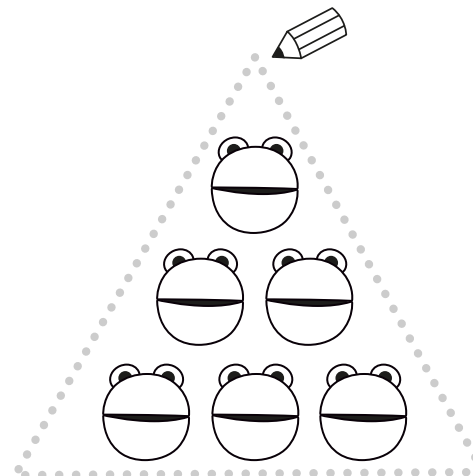

Can you write  
the number?

I'm taking  
14 to another  
level!

Help Numberblock 6 and  
her bobbing Numberblobs  
make a triangle!

Help Six make a step  
shape like Fifteen.
