

Number Explorer Missions

Try counting cars, trees or your steps when you are out. Can you count all the way to Ninety-Nine?

Try counting one more than Ninety-Nine. Can you remember what comes next?

Look for Ninety-Nine's Numberling when you are out. Try looking in shops and on buses.

Ask a grownup to help you to count backwards from Ninety-nine. Can you get all the way to 0?

Play Together

Hunt for Nine! Cut out all the Numberblocks and hide them around the room. Go on a hunt with your little learner to find all the NBs. Encourage them to try adding them together as they find them. What happens when they find Nine?

For your next mission, find the episode 'One Hundred'

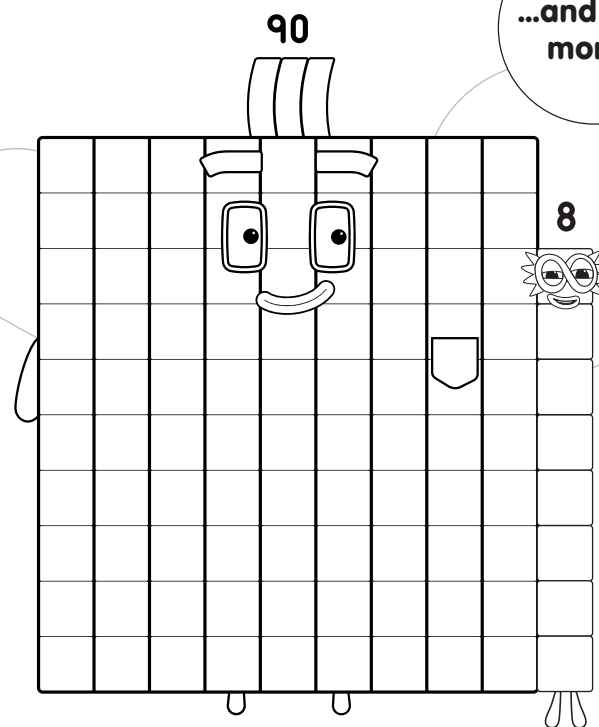

4

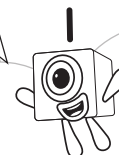

The Big One

This mission belongs to _____

Can you count all of Ninety and all of Eight's blocks? How many are there altogether? What if you add One?

...and One more?
