

Colour Explorer Missions

Time for some colour fun! Cover your surface with newspaper and wear an apron. Grab lots of different paints and have fun mixing them together. What colours have you made?

Wow, you can mix any colours to make new ones! Grab your felt tips. Can you draw a picture using just one colour, like blue? Now, add different details by drawing with another colour on top, like yellow or red.

Pretend you're in the mixing factory. Shout one colour, then another, pretend to hop into the mixing barrel spin, spin, spin to mix yourself up. Jump up high and shout what colour you have made! Look in the middle of your booklet for ideas!

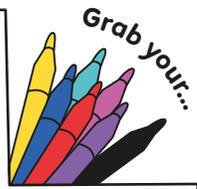

Cut out and wear your special badge!

Mixing colours

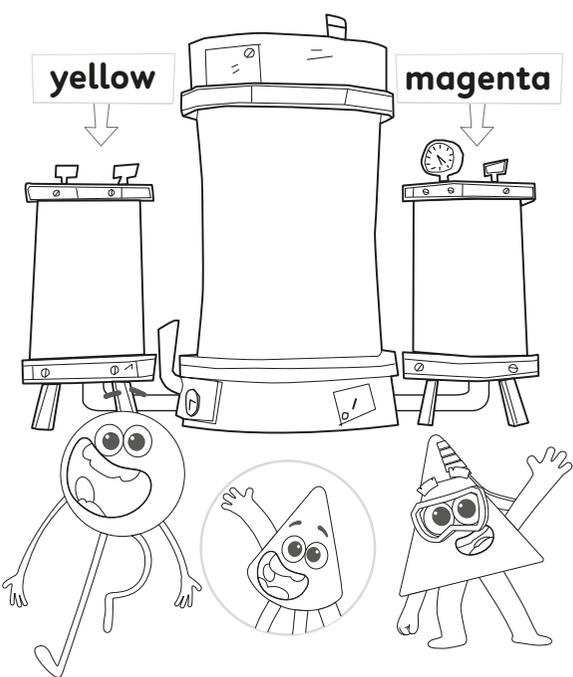

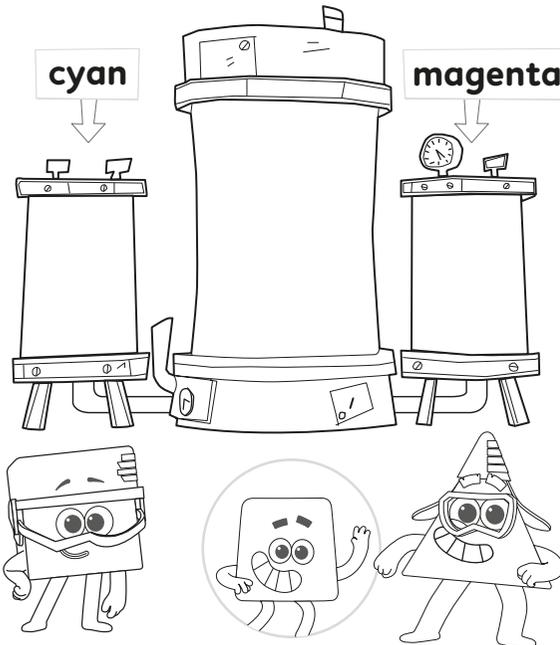

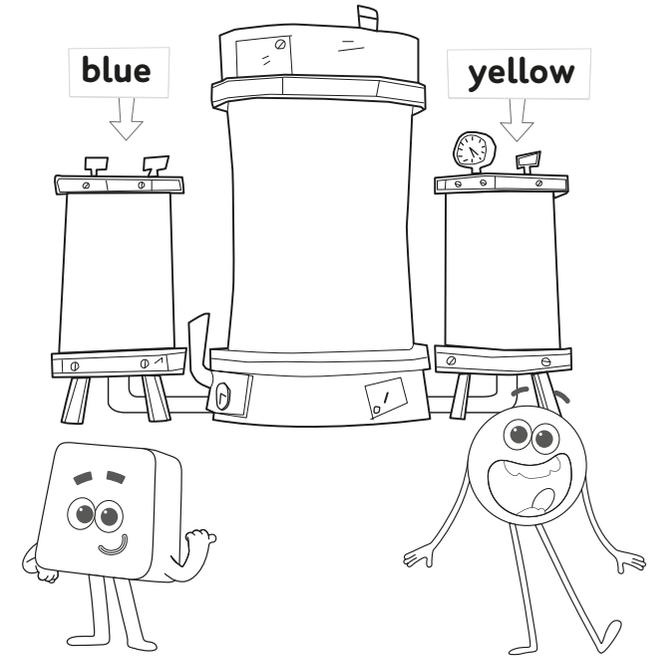

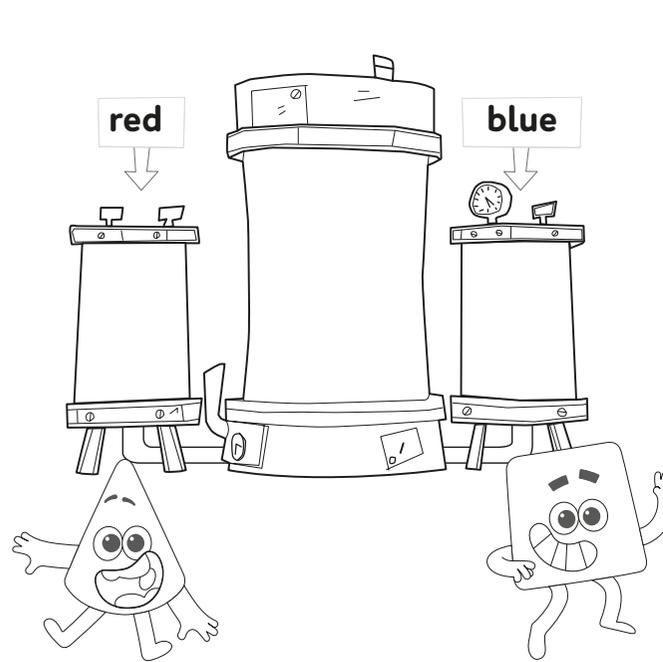

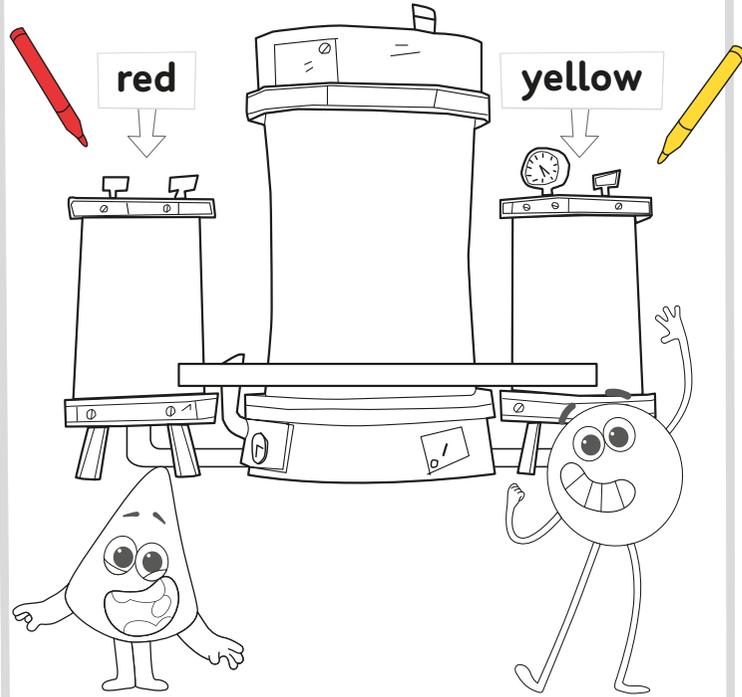

The Mixing Factory

Mixing it up!

Grab your felt tips and colour to explore lots of different mixes.

Colour one vat red and one vat yellow.
Now try colouring the middle with both
colours. What colour have you made?

Mix your felt tip colours to make
these objects any colour you like!
