

Colour Explorer Missions

With your grown-up, place toys of different colours on a table. Cover it with a small towel. Without your grown-up looking, remove one toy, then reveal the toys again. Can they tell you which colour has been removed? Swap roles, so you can have a go at guessing too.

Doodle some things that are 2 colours. Use them with your game show print out to have more fun naming the colours. Try playing with a friend or your grown-up!

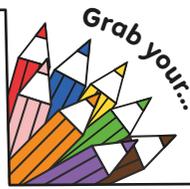

Go on a nature walk and play 'I spy'. Look out for colourful things and say 'I spy, with my little eye, a colour beginning with g.' Your grown-up has to guess which colour you've spotted. Is it green? Or maybe it's grey? Make it more difficult by adding light and dark colours.

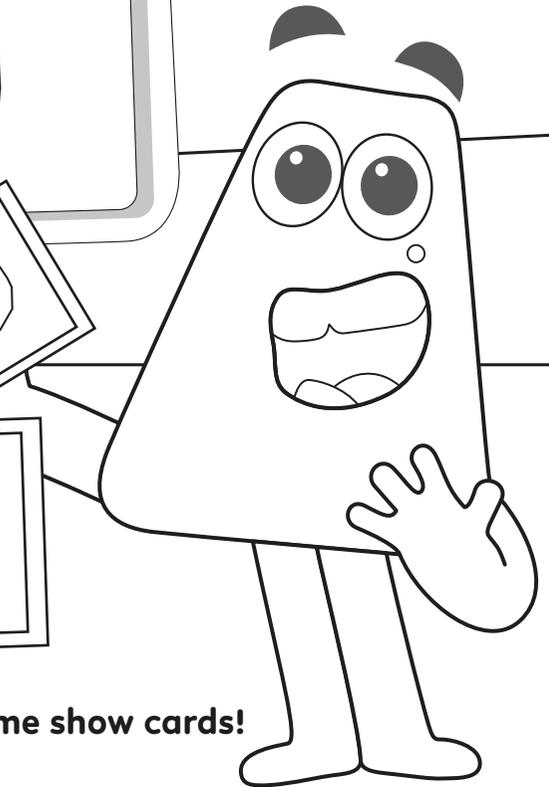

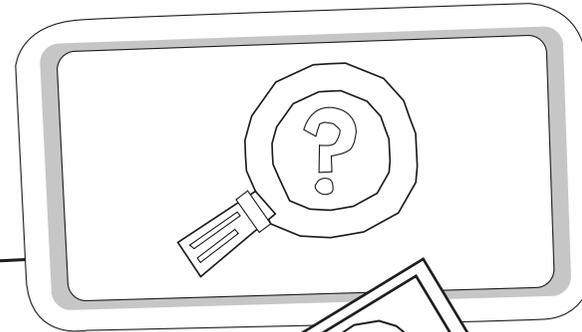

For your next mission, find the episode 'Colouring a rainbow'
