

# Colour Explorer Missions

Create your own brilliant sign too! Perhaps a sign showing that your room is for playing or sleeping? Or you could show what's for dinner.

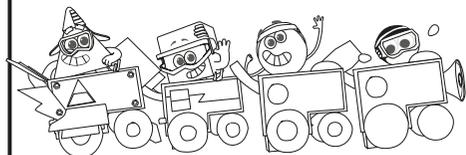

Scan the QR code and sing 'Woo, woo, woo, we're the Printing Crew! Making lots of colours for you!'

Make your own car-tridge, just like the Printing Crew. Find a big cardboard box and paint it cyan, magenta, yellow or black. Add wheel details on the side. Keep one of the flaps at the back, and snip it any shape you like for a cool spoiler. You could also cut out some goggles to wear from card. Zoom, zoom!

Cut out and wear your special badge!

Woo, woo, woo,  
I helped the Printing Crew!

# Printing Crew to the Rescue

This printing adventure belongs to...

The Printing Crew are here.

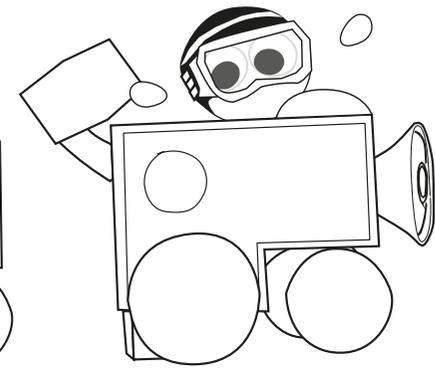

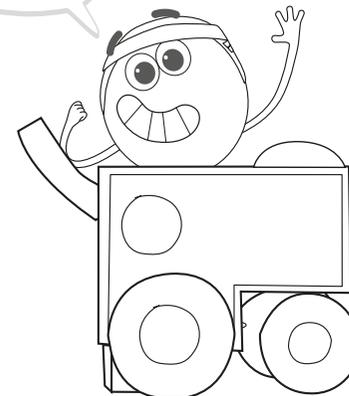

Magenta is a bit reddish and a bit pink!

Cyan is a bit like Blue!

Find a felt tip that's close to these two friends.

Yellow!

Black!

Mixing colours

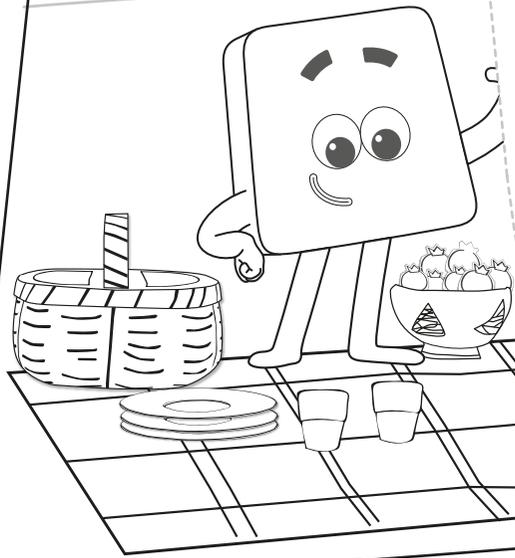

Printing Crew to the Rescue

# Super signs!

The Colourblocks need help to advertise their things.  
Find your extra sheet, and mix up some colours to help them out

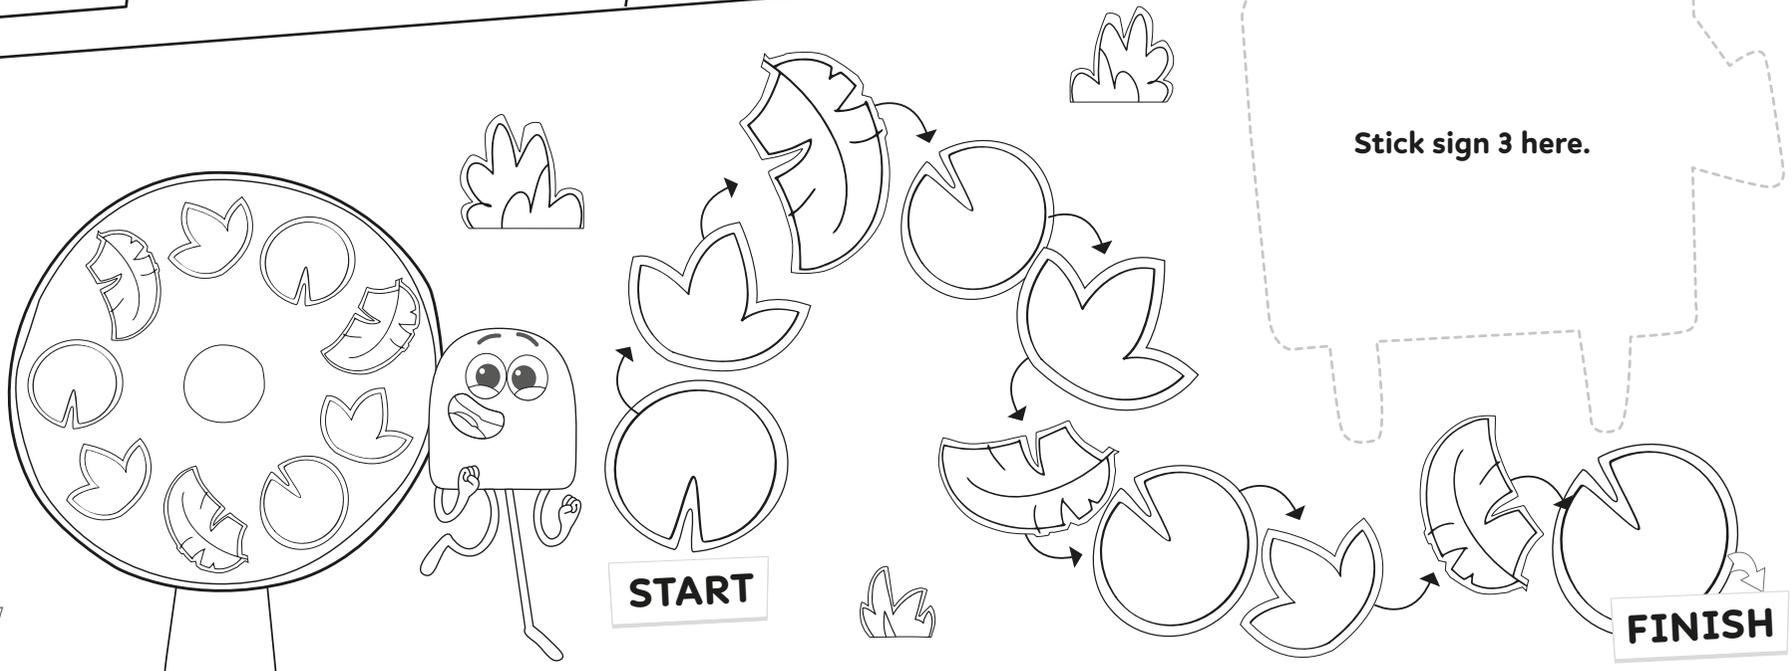

Stick sign 1 here.

Stick sign 2 here.

1. Colour and snip out the frogs on your extra sheet. Place them on start. Then colour the leaves on this game.  
2. Place a mini pencil on the game board. Spin it and see where the tip lands.  
3. If the lily pad you land on is next to yours, hop to it. If it's not, miss a go.  
4. Keep going until a player reaches the finish. They are the winner!

Stick sign 3 here.

# Play Together

Find your felt tips and colour to finish the signs. Snip them out and stick them with the friends on the previous page!

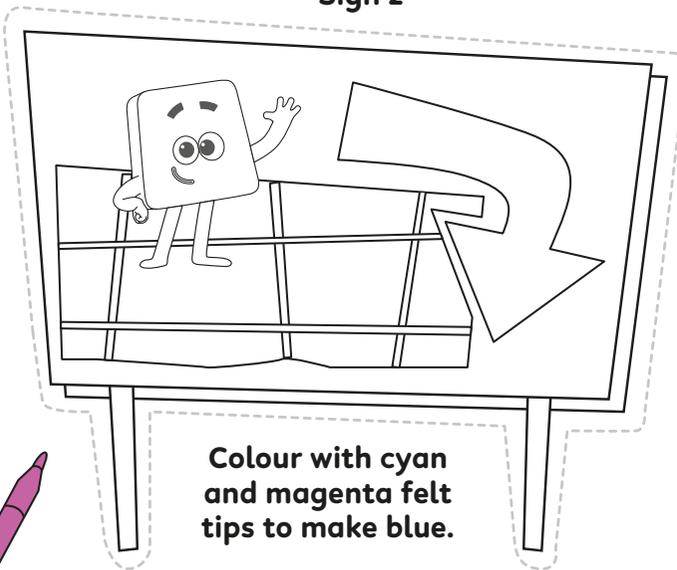

If you don't have magenta and cyan felt tips to mix these colours, just use your red, blue and green felt tips to colour the pictures instead.

### Sign 1

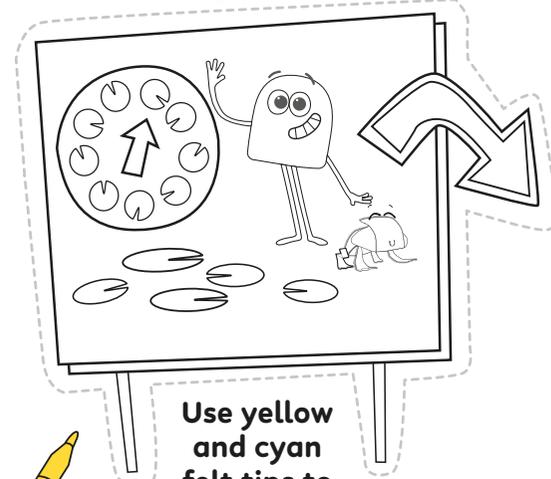

Use yellow and magenta felt tips to make red.

### Sign 2

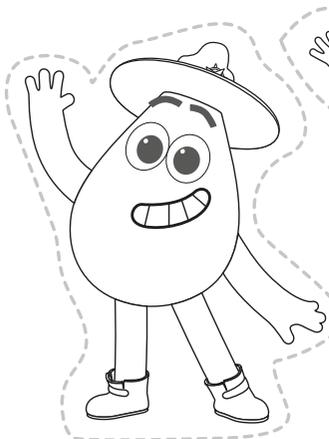

Colour with cyan and magenta felt tips to make blue.

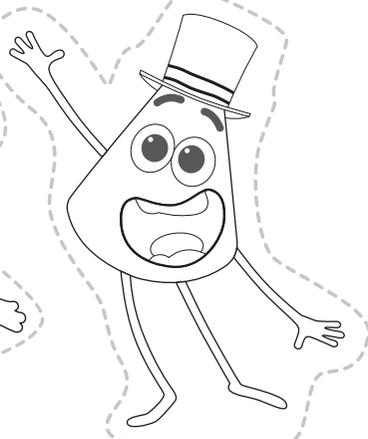

### Sign 3

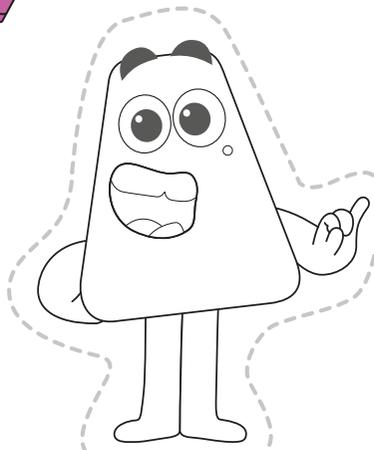

Use yellow and cyan felt tips to make green.
