

Colour Explorer Missions

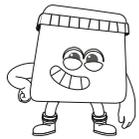

Paint a shades of blue sea picture. Blob light blue, bright blue and deep blue horizontal lines across a piece of card, in this order from top to bottom. Drag a clean brush or sponge through the paint, starting at the top. Repeat until the whole page is filled. Once dry, doodle some cute sea creatures swimming about.

Try saying these tongue twisters with your new friends:
Bright Blue blows brilliant blue bubbles!
Daring Deep dives deep down!
Super Sky soars super speedily.

Fact File

Deep Blue says:

Oh by the depths!

These things are deep blue!

Sky Blue says:

Fancy a flight?

Deep Blue and Sky Blue

Brilliant blue!

Doodle and colour to fill the scene with lots of sky blue, blue and deep blue things!

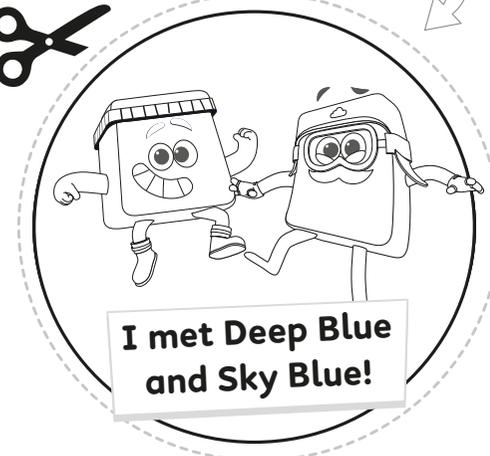

Play Together

Play a fun fishing game with your grown-up. Select some things, like toys or fruit, to hide behind a table and tie a basket to a stick.

Choose who will be the fisher, and who will sit behind the table. The fisher has to remember the items they selected at the start, lower the basket behind the table and ask for an item. If they get it right, the second player places it in the basket. If they get it wrong, they say 'go fish!' and the fisher has to try again. If the fisher gets it wrong 3 times, switch places. The player with the most items at the end is the winner!
