

# Colour Explorer Missions

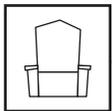

Have fun doing some messy mixing! Wear something you don't mind getting paint on and tape some paper or card to the ground outside. Splat yellow and red paint onto your canvas. Use your hands, feet, a brush or a stick to mix the colours together. What happens if you add a bit more yellow or a bit more red? Marvellous masterpiece!

Have your own orange gym session. Pretend to eat an orange and shout 'I've got an energy boost!' Can you do 5 star jumps? Shout 'orange' for each one you do.

With your grown-up, make an orange-y smoothie. Pop some orange juice in a blender. Add frozen strawberries to make it more red-ish, or a frozen banana to make it more yellow-ish.

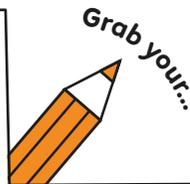

Orange is all around! Go on an orange spotting adventure in your neighbourhood. Can you spot orange bricks, leaves, traffic cones or an orange traffic light?

For your next mission, find the episode 'Purple's Mural Makeover'

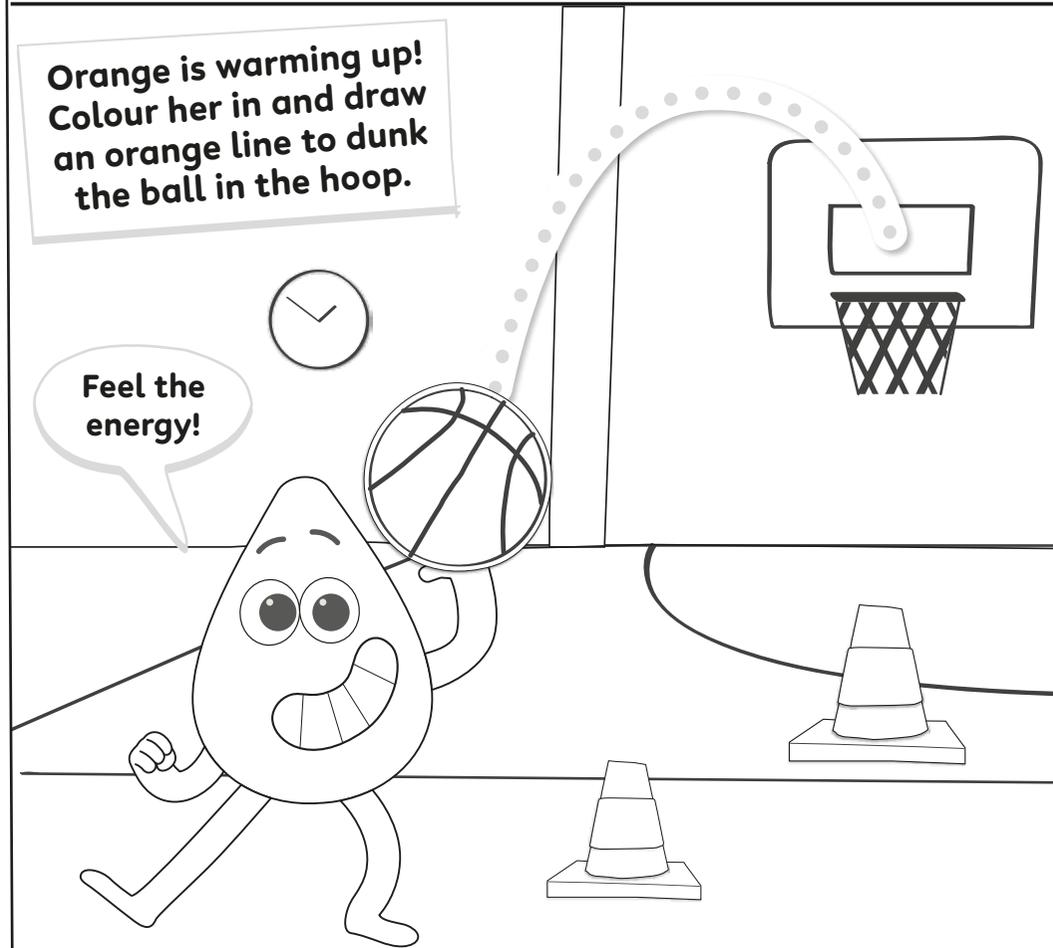

# Orange's Gym

This fun adventure belongs to...

Orange is warming up! Colour her in and draw an orange line to dunk the ball in the hoop.

Feel the energy!

Orange's Gym

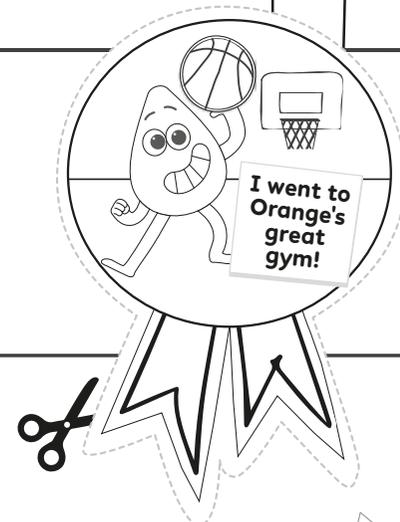

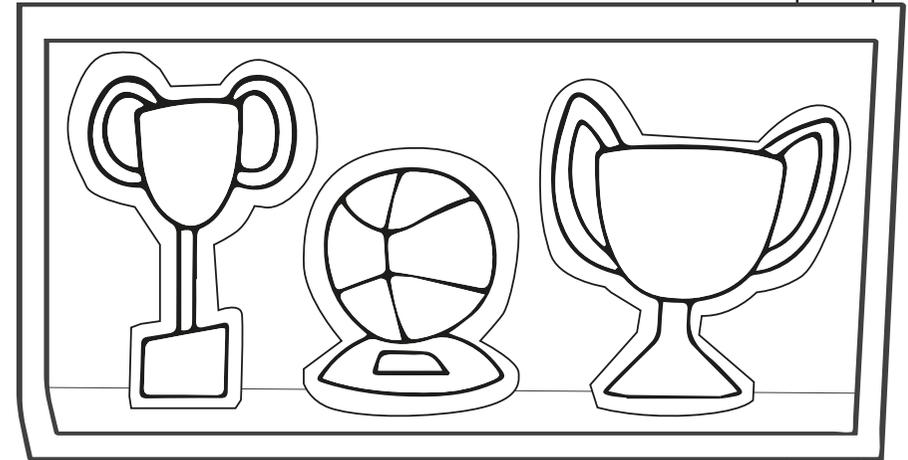

# Collage with Orange

Find some different textured orange things, like an old magazine, fallen leaves, sweet wrappers and packaging material. Tear them up and stick to decorate Orange's gym.

## Did you know?

Red and Yellow can mix to make orange. But it's not bright like Colourblock Orange. It's a little bit duller, and if you add a little more yellow, it's a yellow-ish orange. If you add a bit more red, it's a red-ish orange.

Cut out and wear your special badge!
