

Colour Explorer Missions

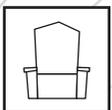

Grab a couple of boxes and tie them together. Pick two colours you'd like to collect, then pull the boxes along and say 'choo-choo, all aboard the Sorting Express' as you collect things of those colours.

On white paper, scribble with a blue crayon on the left and a red on the right. Find all your purple crayons and scribble circles in between the red and blue ones. Use a piece of kitchen roll to blend them together for a nice gradient!

On a table, place different coloured items into groups. Let your grown-up have a good look, before you cover them with a towel. Remove one thing without them seeing it. Remove the towel. Can your grown-up spot which group is smaller?

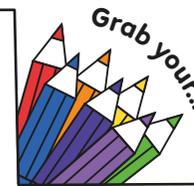

Have fun tidying your room! Can you sort your things by colour or by type of toys? You could sort all your blue things together, or all your toy cars together. Let's go!
