

Colour Explorer Missions

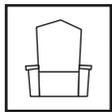

Draw some shapes, like a circle, triangle or a star. Use a bright colouring pencil to colour them in. Now find a grey pencil, use the side of the tip to colour in over the top. How does the colour change?

A grey day is okay! Try some of the activities Yellow suggested in his song. How about a board game, or making a den from cushions? Or make paper aeroplanes, and see who can fly them the furthest!

Even a grey and rainy day can be fun! Pop on your raincoat and your wellies, and let's splash in some puddles. Can you spot any snails or slugs on the ground? Or maybe a little toad?

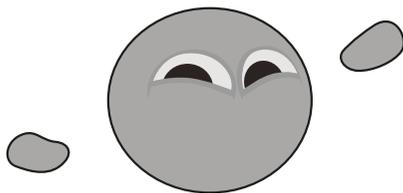

Make a puppet theatre, like Yellow! Glue some buttons or card eyes to an old sock. You could add wool hair too! Now put on a show for your grown-up. How fun!

Did you know?

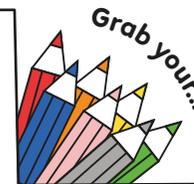

If you add grey to any colour, it becomes a duller version of that colour.

For your next mission, find the episode 'Red's Recolouring Tour'

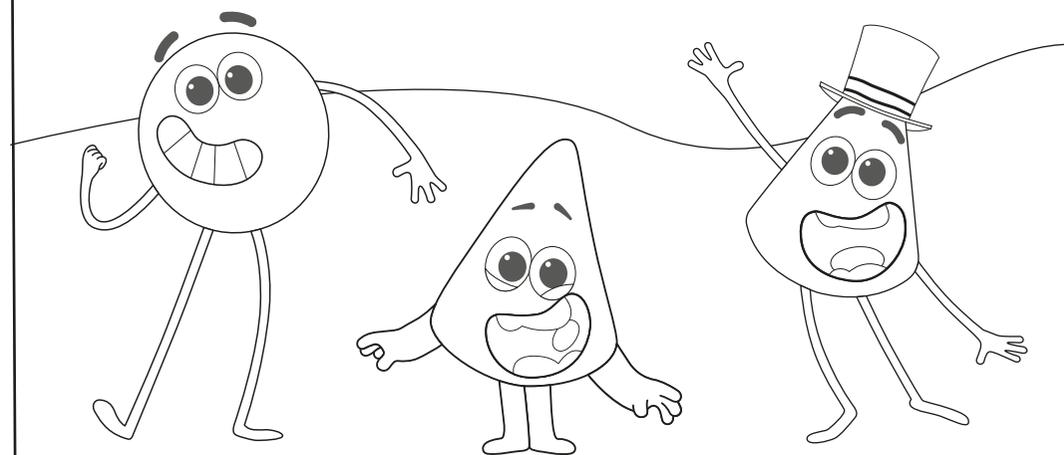

It's a Grey Day

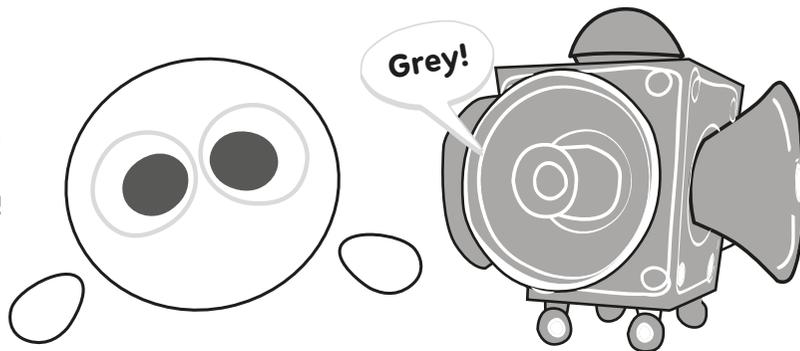

This grey adventure belongs to...

Colour in Red, Yellow, Pink and Grey.

What colour is this? Shout it!

Dull Colours

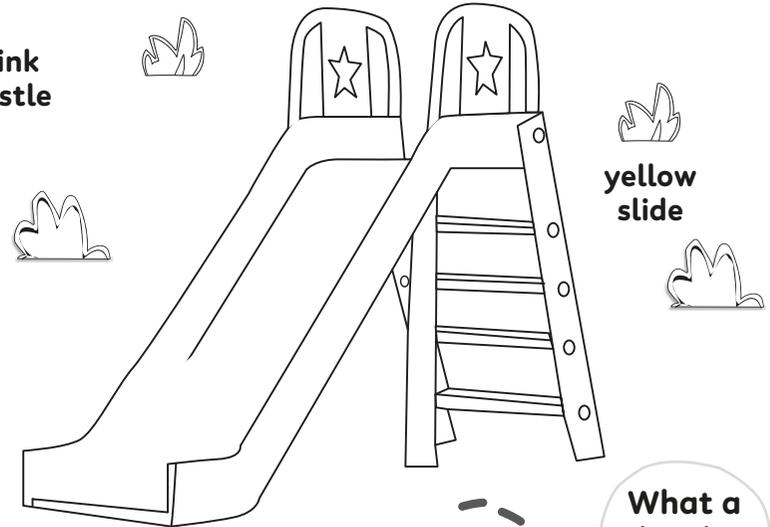

It's a Grey Day

Playtime!

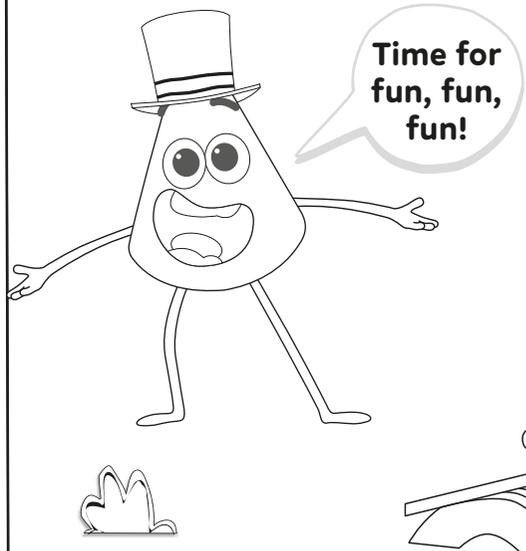

Colour in the playground in your brightest red, yellow and pink!

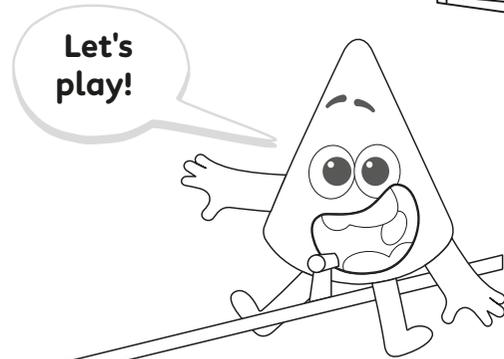

pink castle

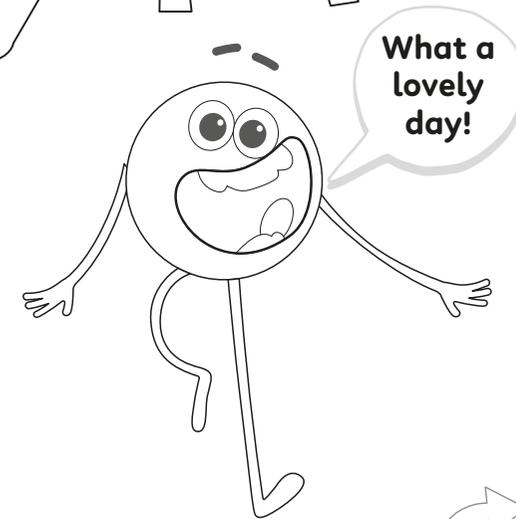

yellow slide

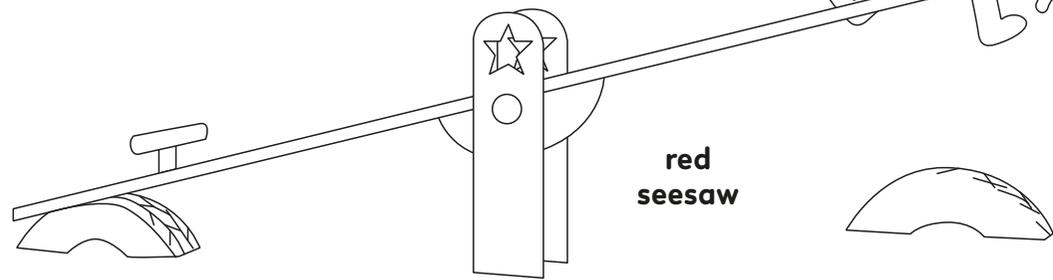

Time for fun, fun, fun!

Let's play!

What a lovely day!

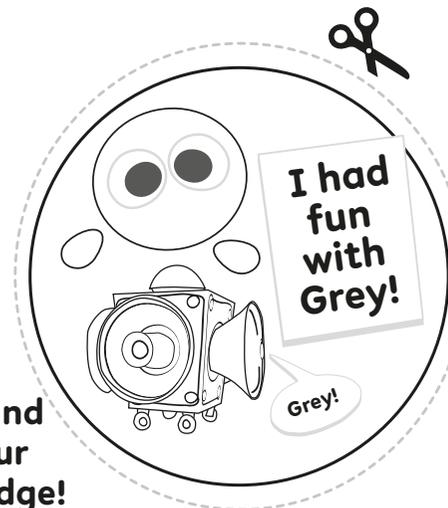

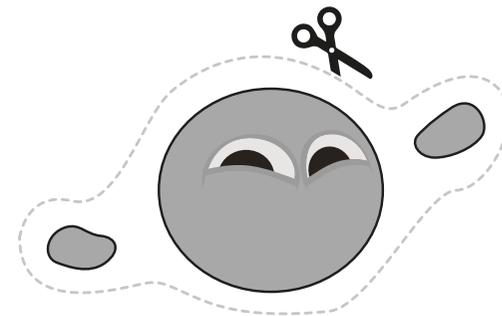

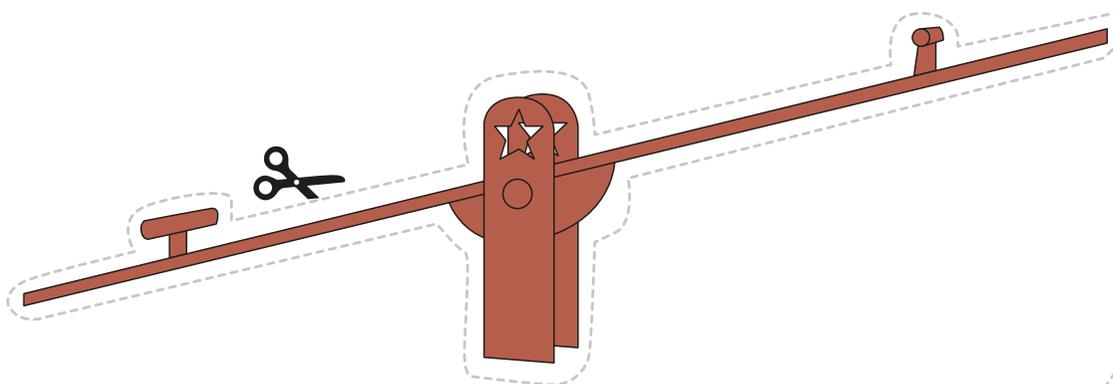

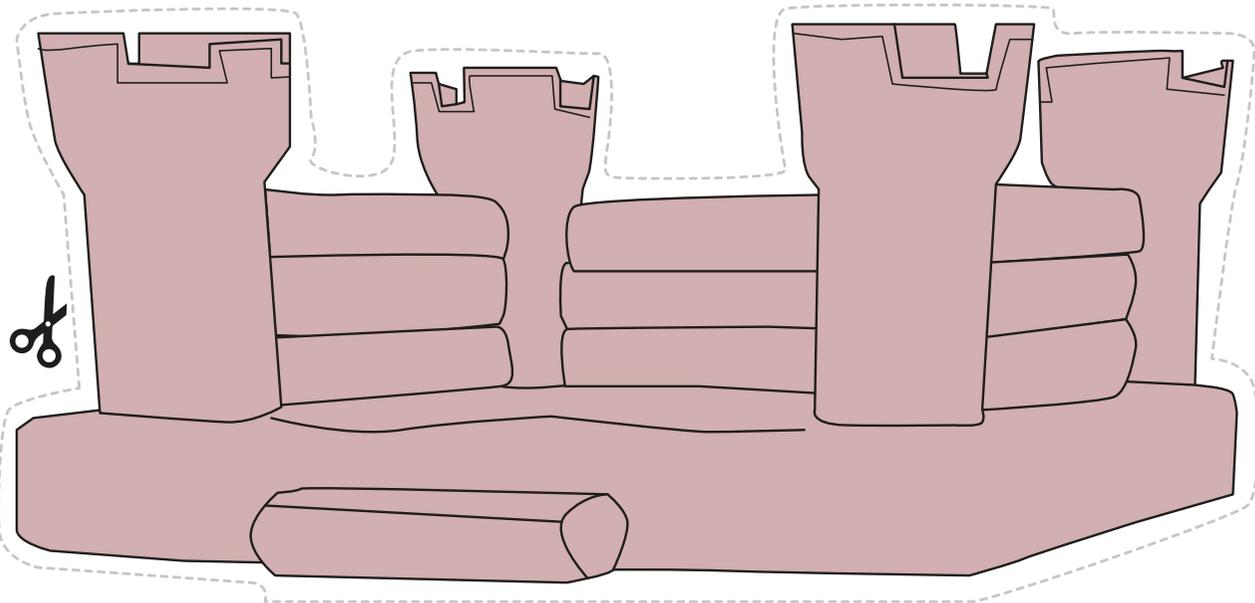

red seesaw

Now find your extra sheet to make the playground a little different!

 **Play Together**

Snip everything out! Tap Grey on a playground item in your bright scene, then place the duller version on top. Ta-daaa!

Try this! With an orange pencil, colour in the ball. Then colour on top with a grey pencil using the side of the tip. Is the orange duller?

Cut out and wear your special badge!
