

Colour Explorer Missions

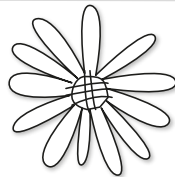

Make your own colouring tour! Pop some cushions on the floor, and invite your grown-up to join as a passenger. Have fun pretending to drive around, and point out all the colourful things in the room.

Mix some different reds! Add a drop of purple to some red paint. Now, try adding a drop of orange to a different blob of red paint. What happens if you add a drop of grey to red? Have fun seeing the colours change and make your own red painting!

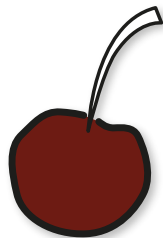

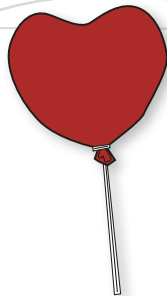

Draw a flower with some big petals! Colour each petal with different red felt tips, crayons and pencils. Beautiful!

Did you know?

There are lots of different types of red. Like dark red cherries, light red (pink) roses or a dull red balloon.

For your next mission, find the episode 'A Colourful Journey'

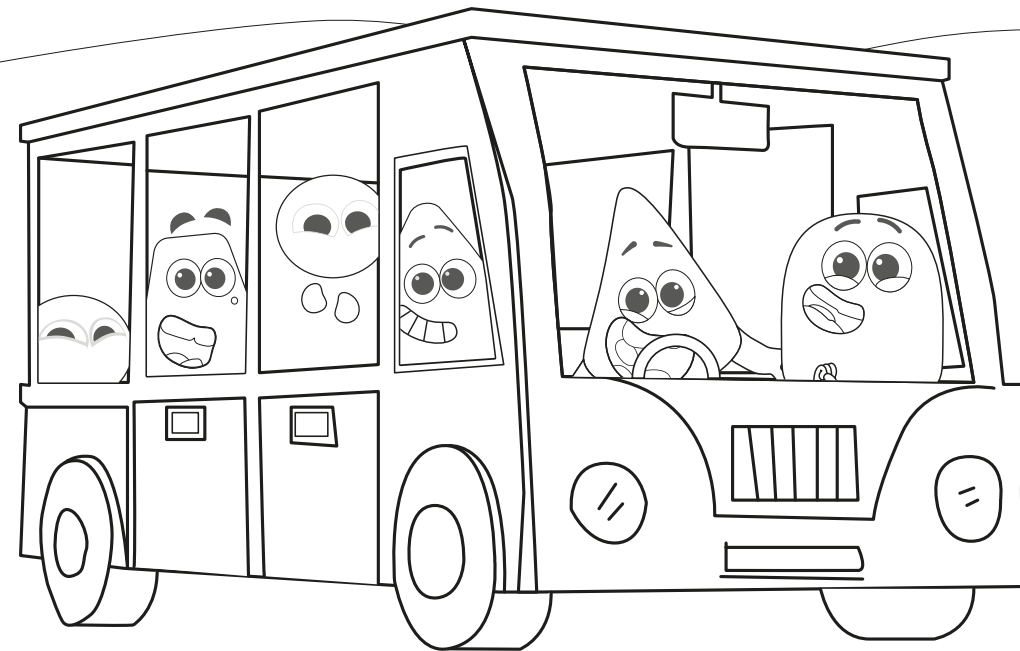

Red's Recolouring Tour

This red quest belongs to...

Red is taking her friends on a red colour tour!
Add lots of colour to the scene.

Level 5

Recap lots of learning

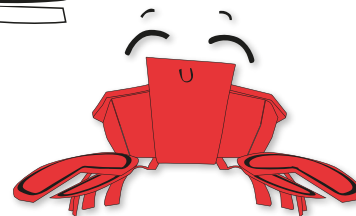

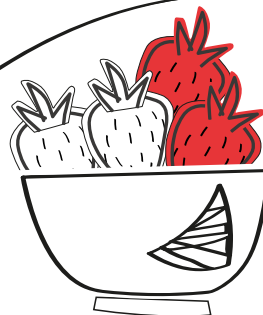

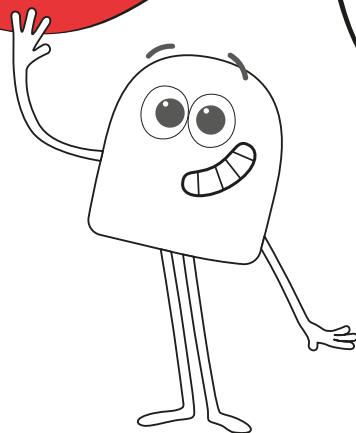

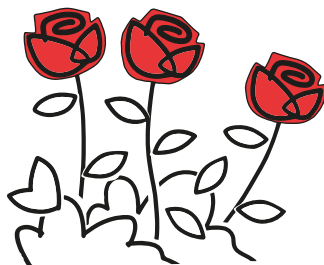

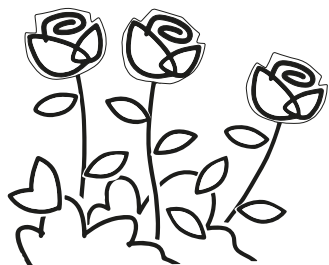

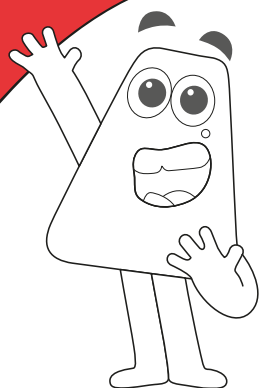

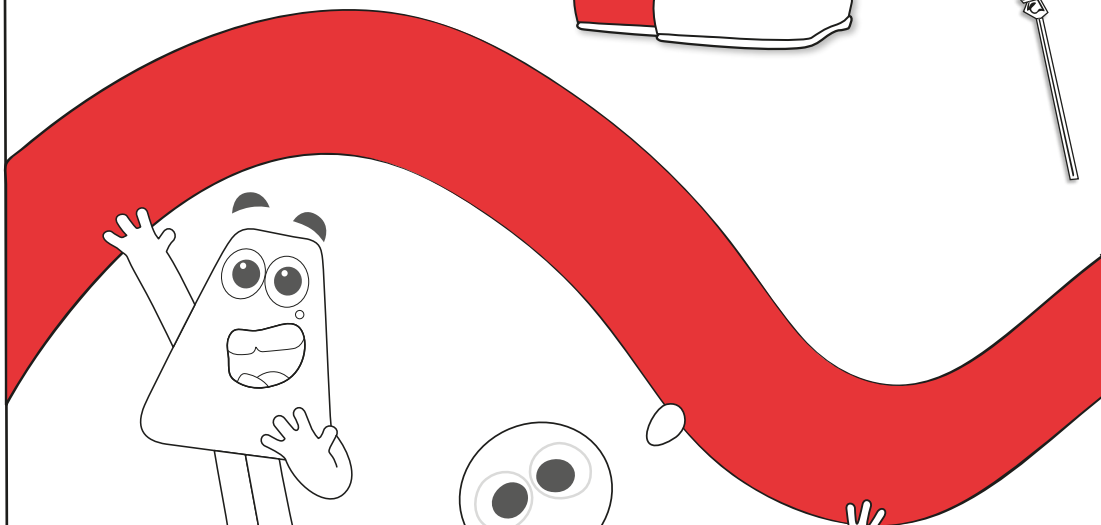

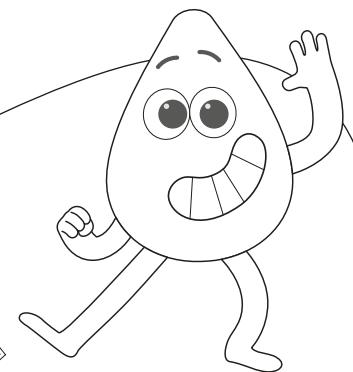

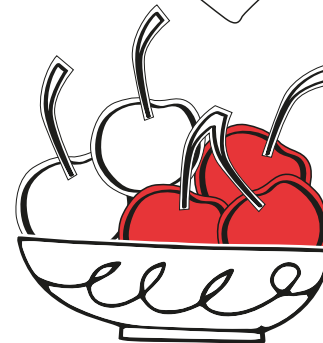

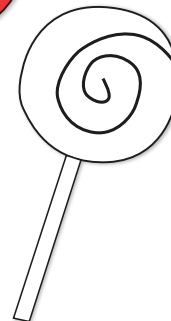

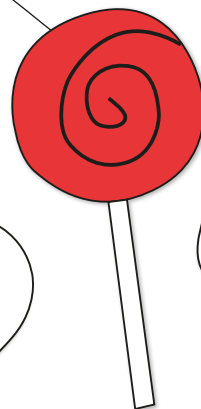

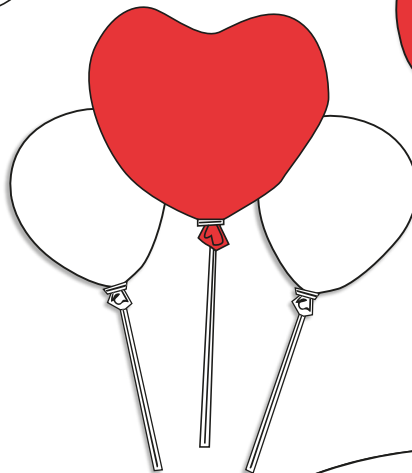

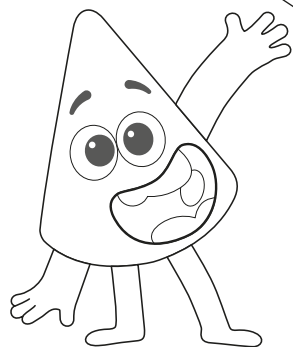

Red's Recolouring Tour

Red-red-ready?

Colour in this brilliant red picture!

Use orange, purple, black, grey and white crayons to recolour all the reds and notice the new colours!

Cut out and wear your special badge!

I recoloured with Red!

If you don't have a colour printer, the reds will print grey. Can you colour over them with a red felt tip? Is the colour brighter or duller?
