Number Explorer Missions

Have lots of fun making some simple voting forms. Draw your two favourite biscuits or two favourite animals for example, on sheets of paper. Then everyone gets to tick their vote!

Colour if you've done it

Now try a different way to vote. Find toys in different colours. Give your friends or family members a building block in those colours. Each person votes for their favourite colour by putting a block next to the toy that matches its colour. Tell your grown-up which toy has the most votes!

Colour if you've done it

Play Together

Make a box to put some important votes in! Decorate the box and put a slot in the top. Draw what you're voting for on paper for each person, for example, three dinner choices. Put the votes in the box, no peeking at the other votes! Then take them out and put them in separate piles to see the winning vote.

For your next mission, find the episode 'The Pyramid of Puzzles'

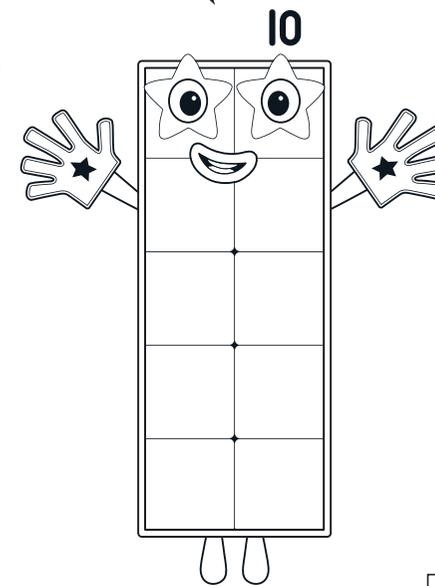

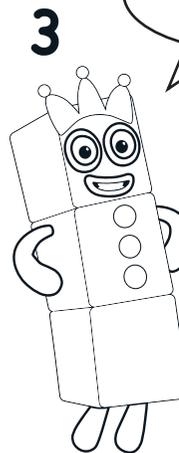

Voting Day

This mission belongs to

_____

Find out how to vote with Numberblock Ten!

We can't decide what to do next, so we should have a vote!

10
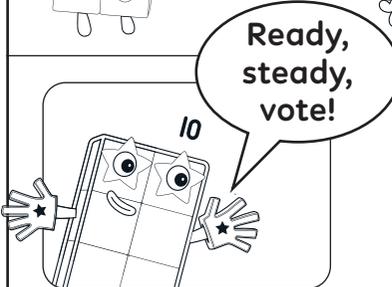

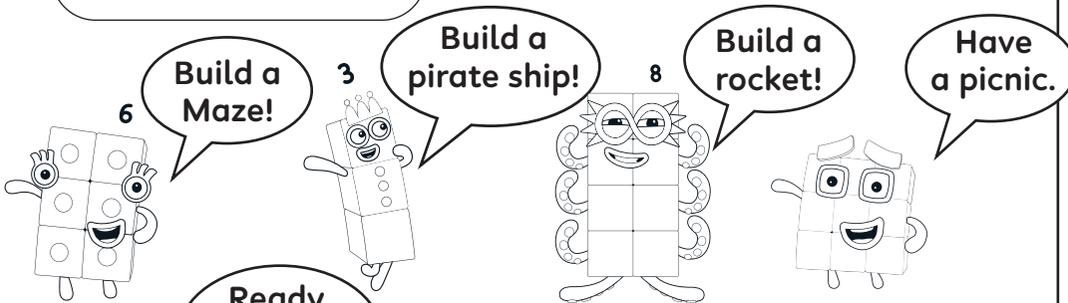

What is a vote?

3

Level 2 | Block diagrams | I'll Vote for That

Vote Time

The Numberblocks are choosing what to do, with a vote.

6

Build a Maze!

3 **Build a pirate ship!**

8 **Build a rocket!**

Have a picnic.

10 **Ready, steady, vote!**

Each Numberblock has put a block on a picture to vote. Write the totals below.

2

Write the biggest number of votes!

8 **Who won the vote?**

Now the Numberblobs can't decide what to do!

Funfair!

Football!

Stampolines!

Write the total Numberblob votes. Then colour in the Numberblobs on the winning vote!

What should the Numberblocks do next? Colour the stamps and write the winning vote to see!

Write the biggest number of votes!

10 **Funfair! I vote for that!**
