

Number Explorer Missions

Take the 'Outside' bar chart on your extra sheet with you when you're outside. Write the numbers and colour in the chart. Can you collect the number of leaves, twigs and stones that are shown on the chart?

Copy the 'Inside' bar chart onto a piece of paper (or print another one!) and choose what you would like to fill in. You could draw shapes and go on a shape hunt or colour spotting.

Play Together

Ask your grown up to help you make a bar chart for your toys. Find the 'Inside' bar chart on your extra sheet. Draw a picture for three types of toy, for example, cars, teddies and board games, at the bottom of the chart. Then see how many you have of each type of toy, write the number, draw a bar on the chart and colour it in!

For your next mission, find the episode 'One's Fix-it Shop'

The Pyramid of Puzzles

This mission belongs to _____

The Numberblocks have discovered a mysterious pyramid. Help them get inside!

Who knows what mysteries it holds?
How do we get inside?

Level 4

Data handling

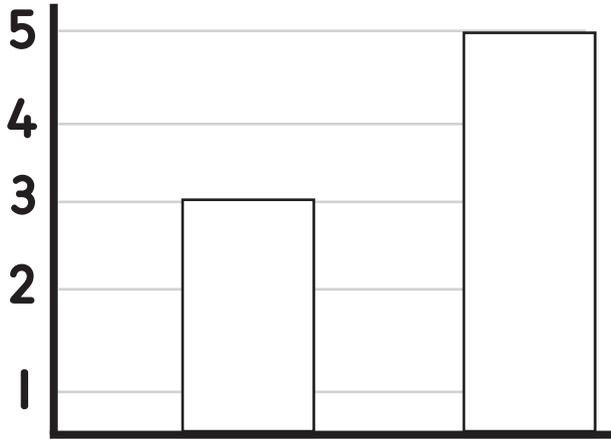

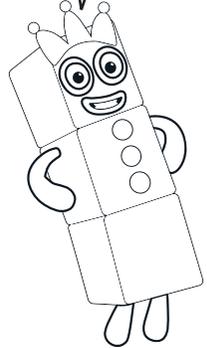

The Pyramid of Puzzles

Puzzle Time

Colour in the chart to solve the puzzle and get inside the pyramid.

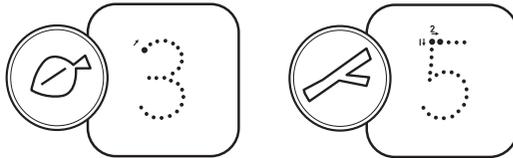

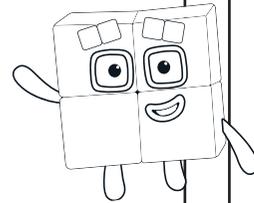

How many leaves and twigs do we need?

3

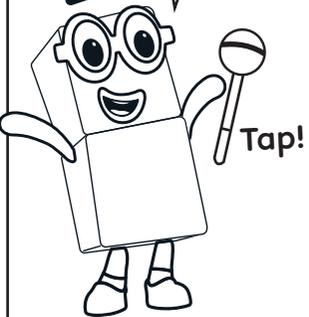

Open sesame!

4

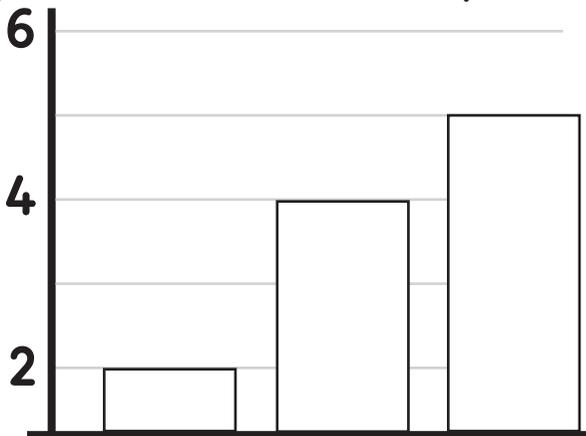

These numbers go up in twos!

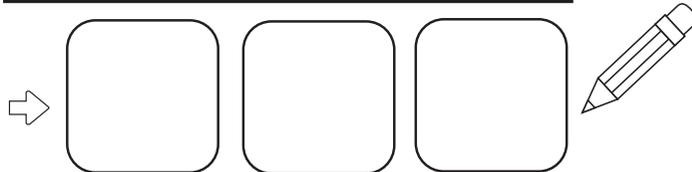

2

Tap!

But, which number is between 4 and 6?

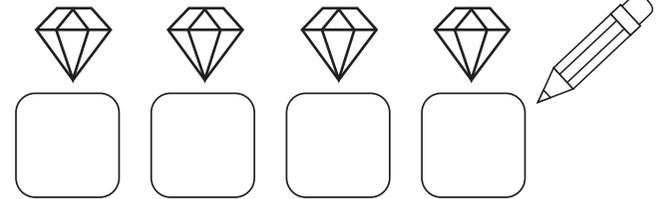

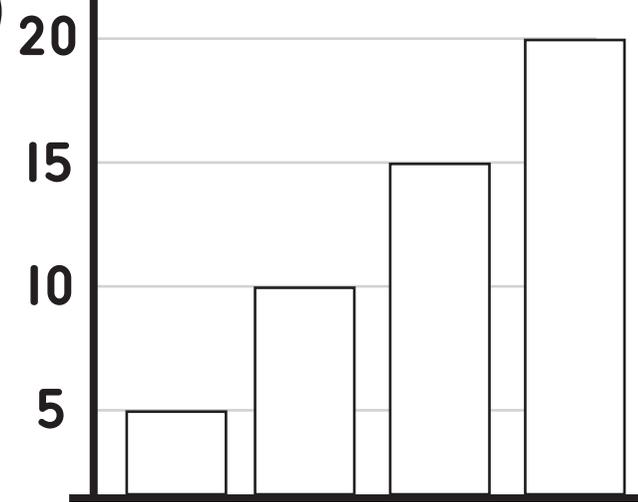

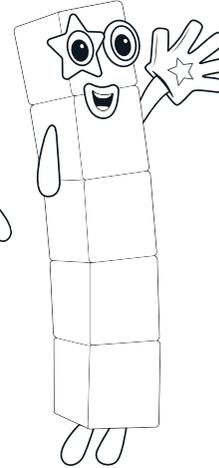

Tip!

Colour in the bar chart first, to help you see which numbers you need.

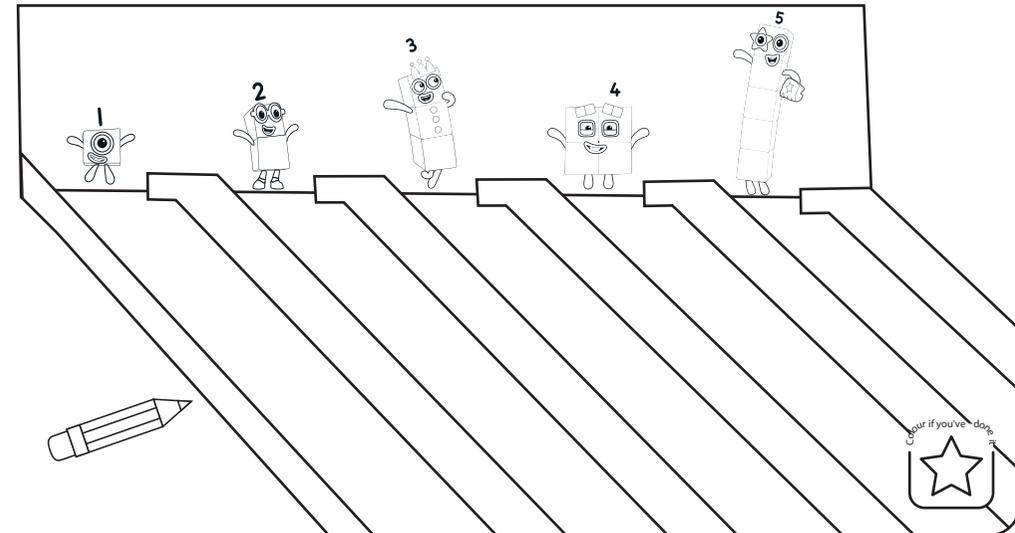

Write the numbers and colour the gems to find the way out of the pyramid!

These numbers go up in fives!

5

You found the way out! Colour in the slide for the Numberblocks to whizz down!

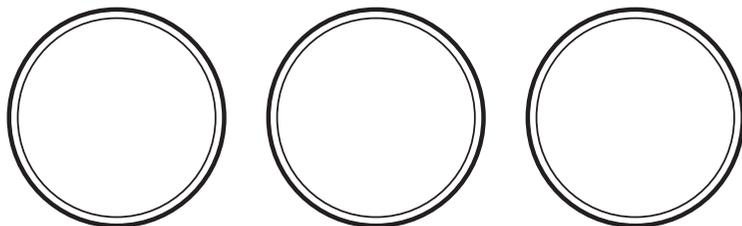

Inside

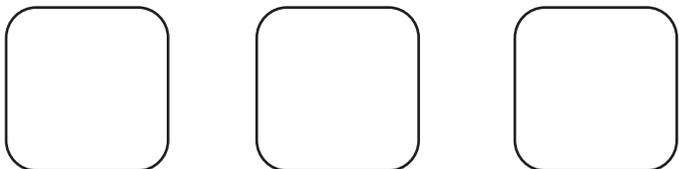

Make your own bar chart. Find out how on page 4 of your booklet.

Draw here.

Write the numbers here.

Outside

Find twigs, leaves and stones!
