

# Number Explorer Missions

Go on a number hunt around your neighbourhood. Can you spot any numbers between 1 to 100?

Count if you've done it

How many 1s are in 100?  
Tell your grown-up!

Count if you've done it

With your grown-up, pick any number between 1 and 99. Talk about which other number is needed to make 100.

Count if you've done it

What is the biggest number you can think of? Now think of the smallest number!

Count if you've done it

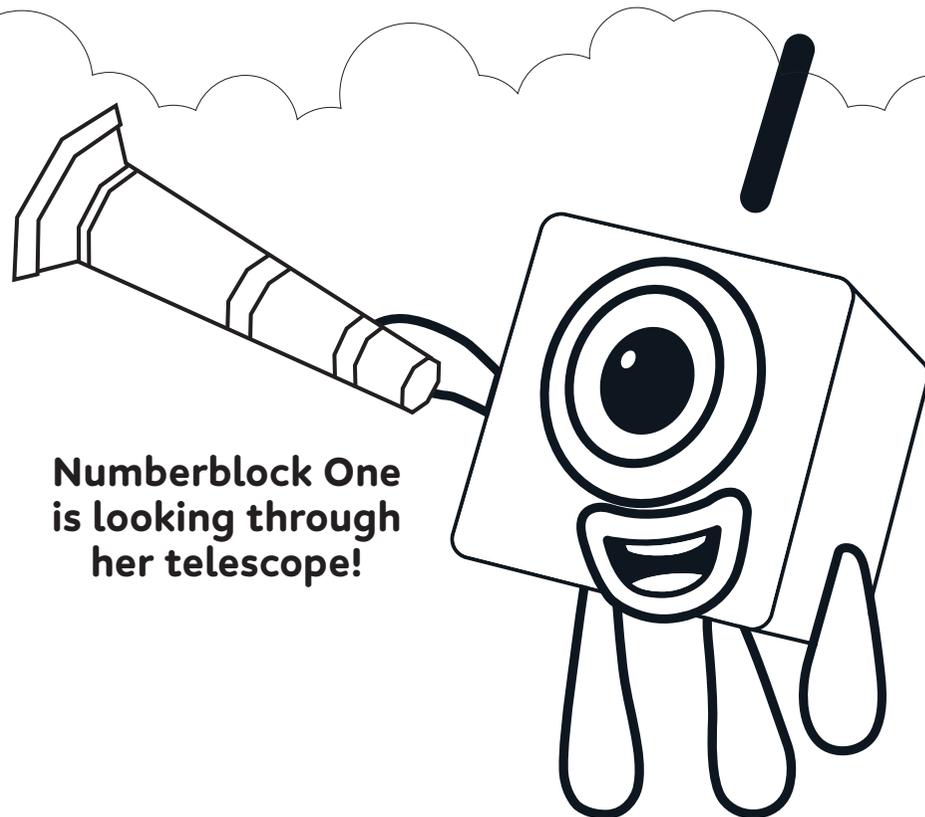

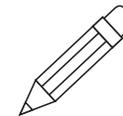

## Play Together

Place all the Numberblocks snip-outs face down. Turn one Numberblock over at a time, and add them together until you get to 100. If you get a Numberblock higher than 100, put them back. Play over and over again!

For your next mission, find the episode 'The Rings of Unity'

# All the Numbers I Can Be

This mission belongs to

Numberblock One is looking through her telescope!

Turn to see who she has found! →

Level 5

Composition

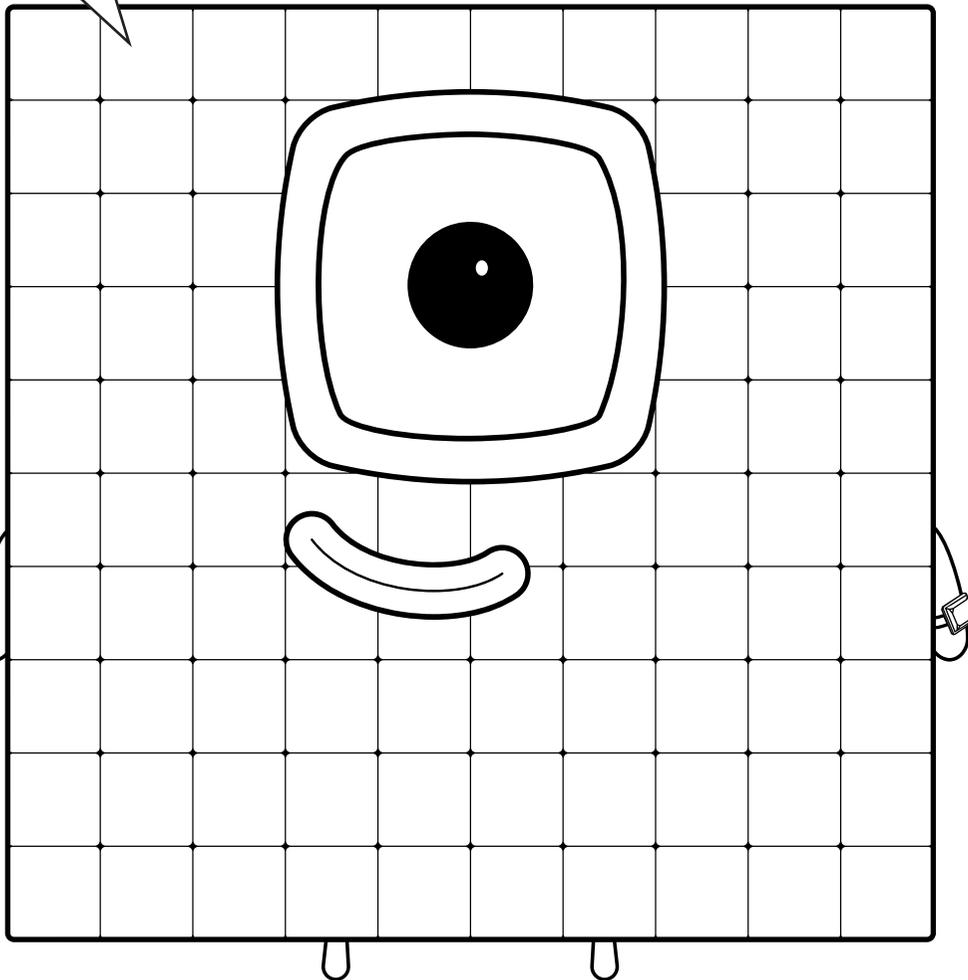

All the Numbers I Can Be

# Who's a part of me?

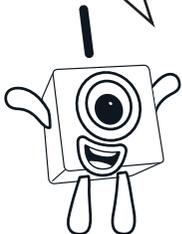

Colour in One Hundred, then snip out all the friends on your extra sheets and see how they fit within One Hundred.

Pick any number from 1 and 99, and you will find it inside of me.

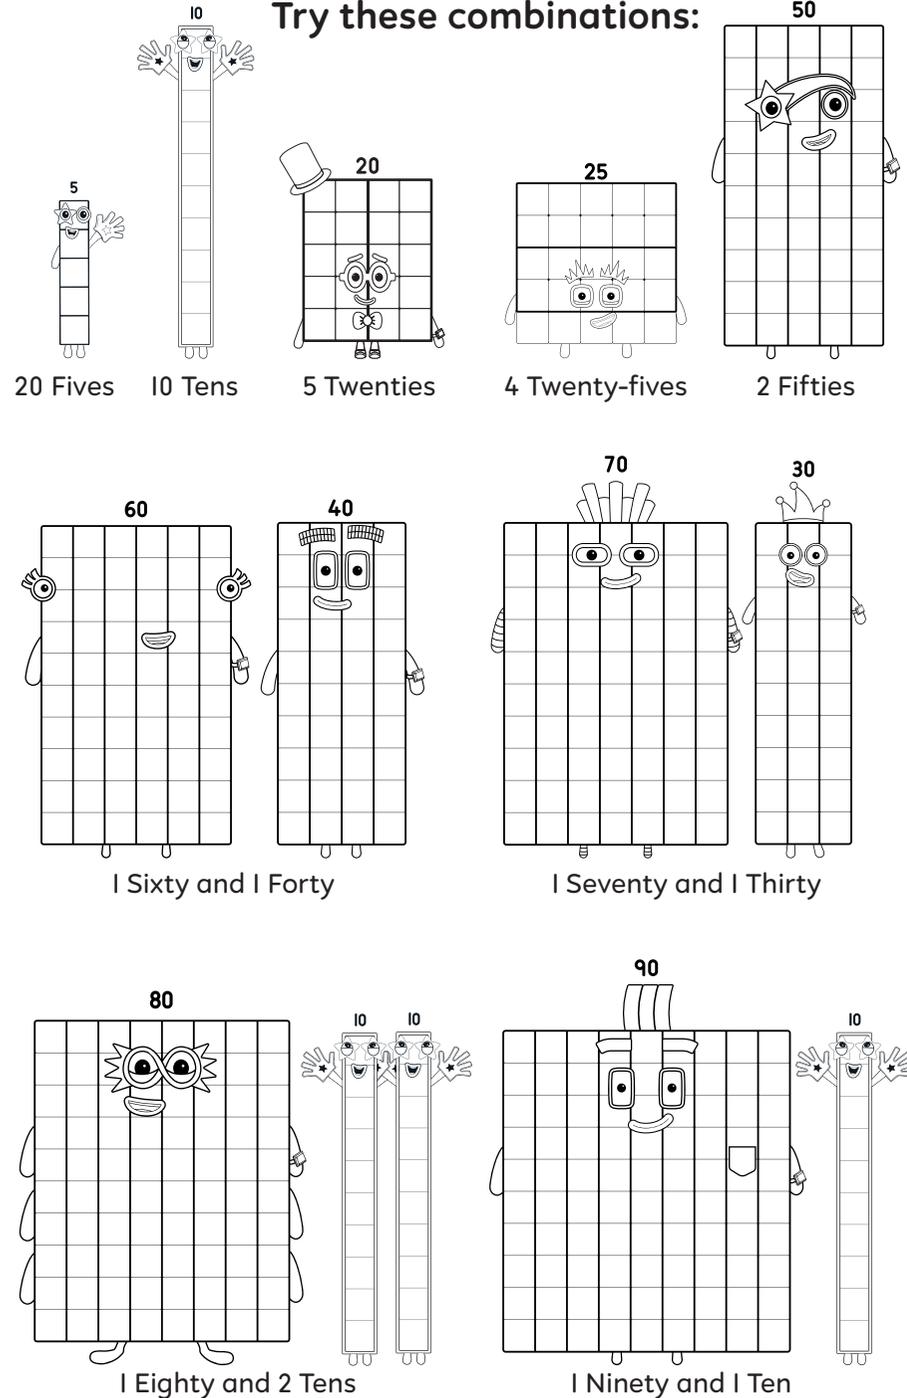

## 100

Wow!

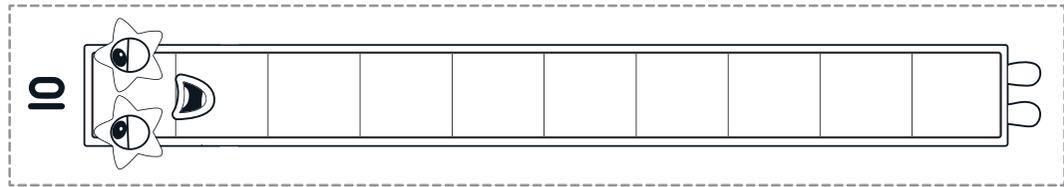

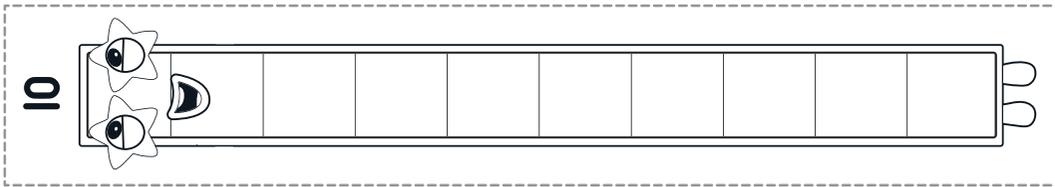

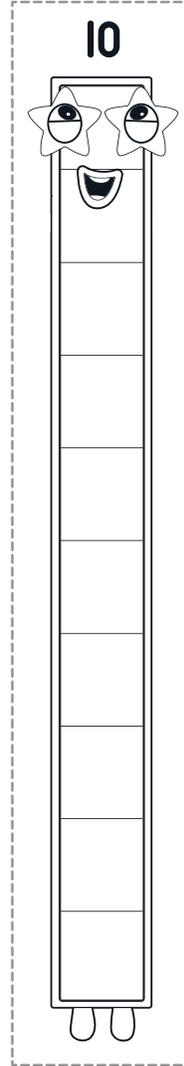

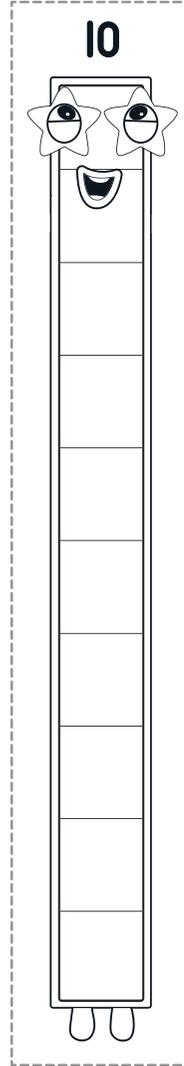

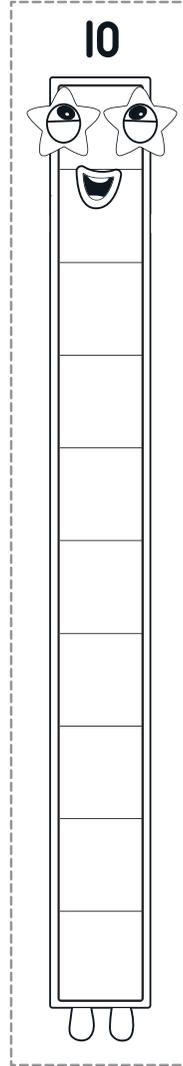

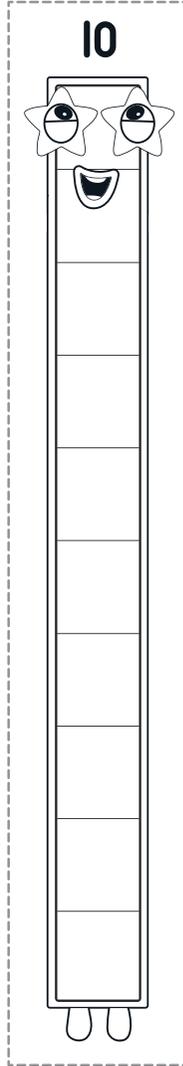

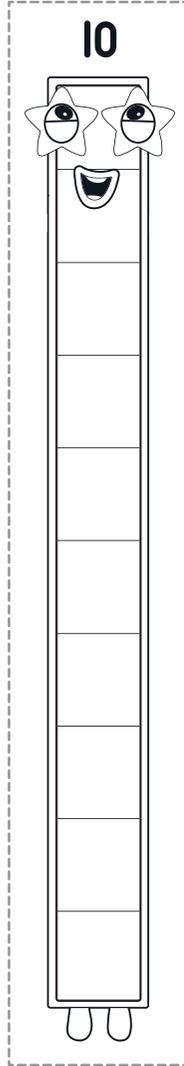

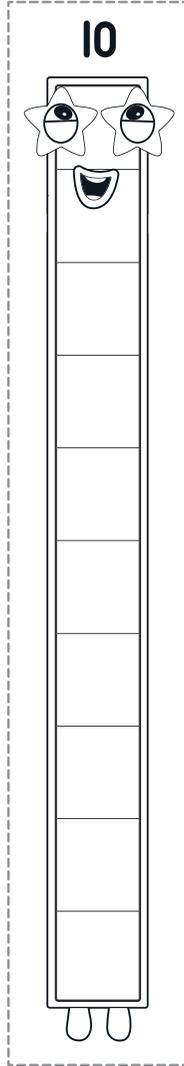

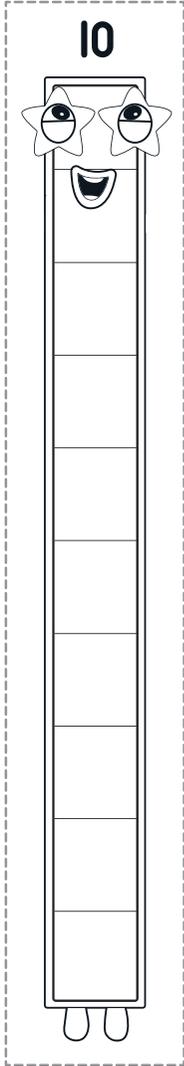

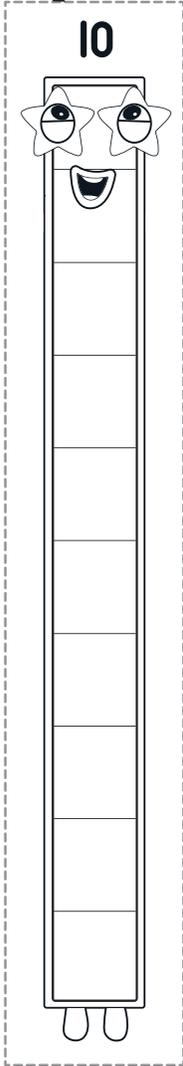

Try these combinations:

What else could you try?

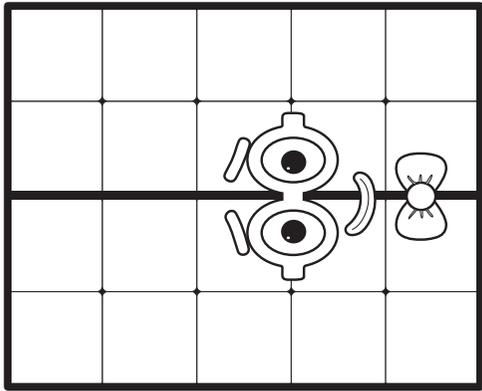

# Snip-outs

Cut out all the Numberblocks and see how their blocks fit over One Hundred.
