

Alphablocks Explorer

Look in a book. Can you find **w** hiding inside?

Pretend to rub your eyes and **weep**, saying **w! w! w!**

When you are out, look for these exciting things: **water**, something with **wings**, a **web**, a dog with a **wagging** tail.

Draw some **wobbly waves** for **w**. Up and down and up and down...

Find some things to **wobble** with your grown-up. You could try cardboard, a plastic cup or plate. Listen carefully. Do any of your things make a sound as they **wobble**? Do any of them sound like **w**?

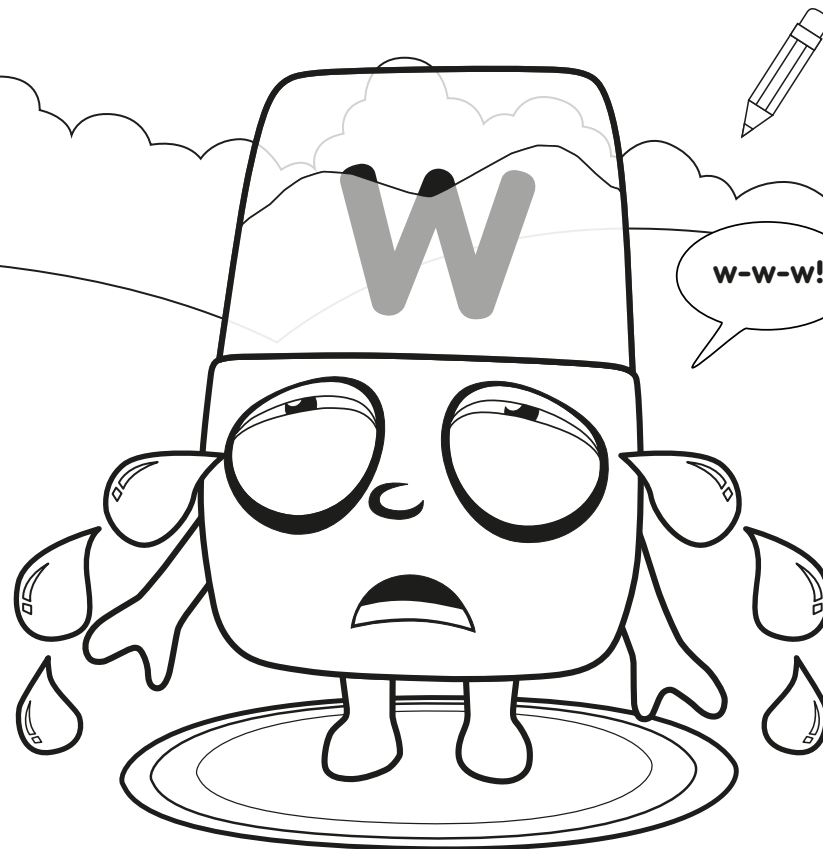

Well done!

For your next mission, find the episode 'Wig'

Play Together

Play this with your little learner. Shout out an activity. If it starts with the w sound (e.g. walk, whizz, wail, whoosh, whistle) your little learner should do the activity. If it doesn't, they stay still!

Draw a face for you own little spider friend. Snip them out and stick them to the web maze inside your booklet.

Keep this card to add to your word collection.
