

Number Explorer Missions

Pick up a handful of toy bricks and drop them onto a table. Can you see how many bricks are there without counting them?

Ask your grown-up to hide their hands behind their back, then hold up some fingers. Quickly say how many fingers you can see. Then you try it!

Take turns rolling a dice with your grown-up. Who can shout out the number on top of the dice it lands on first?

Play Together

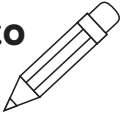

Snip out the two strips of prizes on your extra sheet and stick them together to make one long strip. Ask your grown-up to snip the two slots on the game table. Now, thread the strip through the slots and shout out the amounts you see, without counting.

For your next mission, find the episode 'Fun Times One Times Table'

Don't count, see the amount!

This game-tastic mission belongs to

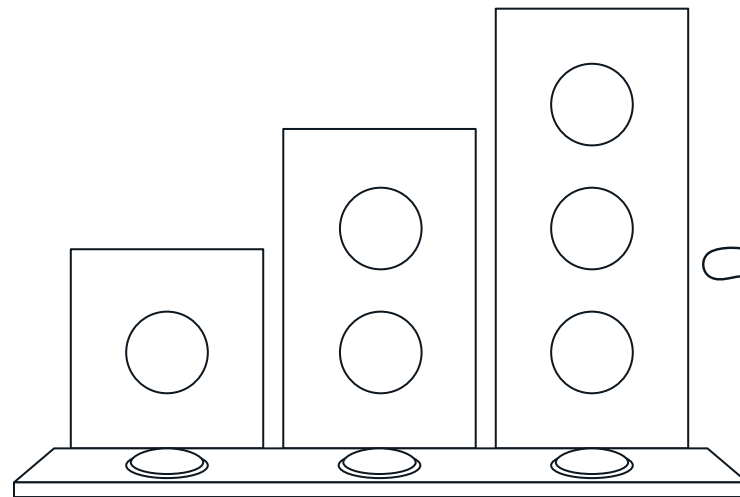

Welcome to Six's game show!

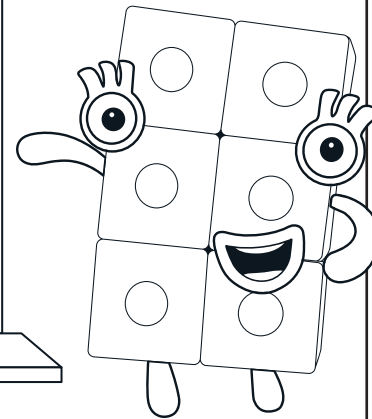

Find your snip-outs and stick a Numberblock on each chair.

Who's on our team? Quick, don't count, see the amount!
