

# Number Explorer Missions

Use your Threes to make a tower! Start by placing 4 along the bottom, then 3, then 2, then balance 1 Three on the top. How many Threes have you got altogether? Can you count all the blocks? What do you get to?

You'll need three people to play this game. Stand in a circle and throw and catch a ball, shouting "3" when it gets all the way around. Next time, shout "6!" Can you make it to 30 without dropping the ball?

Look for groups of 3 things when you are out, such as flowers, swings or animals. Can you find ten groups? How many things is that?

Use the Numberblock Threes you cut out for this sheet to try counting in threes. Can you get all the way to 30? Can you count in threes?

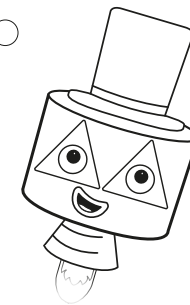

## Play Together

**Fill the Gaps!** Find the extra sheet with the Times Tables on it. Then use your Numberblock Threes to fill the gaps in the patterns!

For your next mission, find the episode 'Four on the Floor'

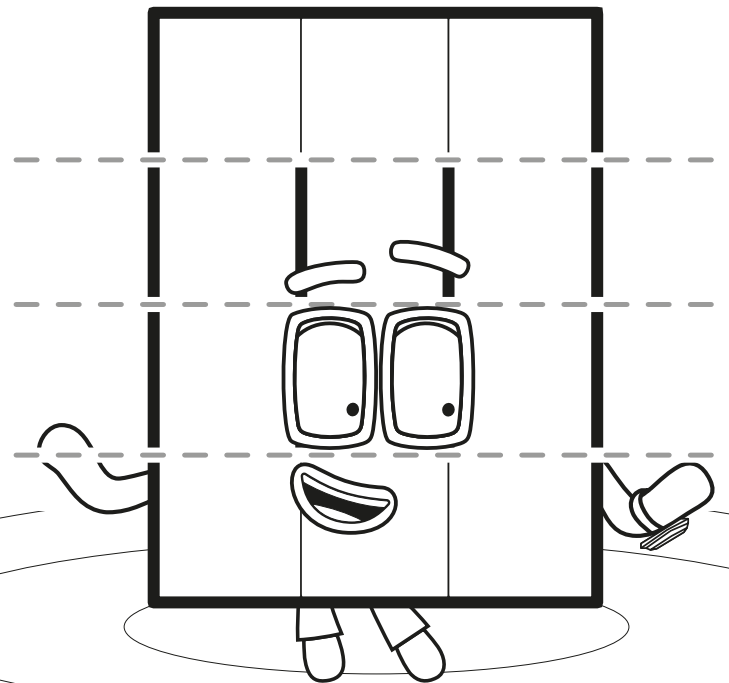

# Circus of Threes

This mission belongs to \_\_\_\_\_

How many Threes are hiding in Numberblock Twelve? Can you figure it out?
