G-320XHD SALE

FLOOR GRINDER - PROPANE/ELECTRIC

The new and improved CPS G-320 XHD is a tried-and-true concrete floor grinder—and one of the industry's fastest-selling 32" machines. Built and manufactured in the USA, it's perfectly balanced to deliver a consistent scratch pattern while remaining extremely easy to tilt back for fast tooling changes. The G-320 XHD connects seamlessly to CPS-recommended dust extractors for OSHA-compliant dust control, making it as safe as it is powerful.
