

CIRRUS  
CHANGE  
READINESS®

## Certified Change Readiness Education

**Master change. Own your future.**

**Change is inevitable. Readiness is optional.**

AI, shifting markets, and new technologies are rewriting the rules of business. The organizations that thrive are the ones prepared to act with speed, alignment, and confidence.

**On a mission to help a million teams  
master change.**

# Cirrus Change Readiness Education

**Prepared teams** protect ROI by avoiding costly mistakes.

**Engaged teams** stay longer, reducing turnover and recruitment costs.

**Aligned organizations** accelerate adoption and realize the benefits of change faster.

# Cirrus Change Readiness education is essential

## Develop resilient, change-ready teams

Create teams that face uncertainty with confidence.

## Increase engagement

Applying the tactics and EQ insights will increase your team's engagement.

## Decrease burnout and frustration

Learn how to leverage feedback to build stronger teams.

## Decrease resistance to change

Understand how to connect to your teams to overcome fear of the unknown.

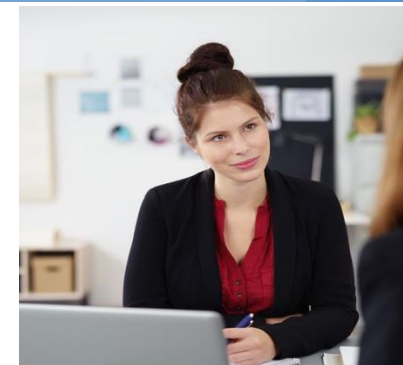

## Understand

Understand the most common risks to change initiatives.

## Identify

Identify the specific risks and strengths of your team.

## Mitigate

Address the underlying issues that may slow the project.

# WHY GO WITH CIRRUS?

Most training programs stop at theory. Cirrus goes further—combining evidence-based change science with real-world lessons from experienced change leaders. The result? Teams who not only *understand* change but can drive it with confidence and precision.

Certified by Quality Matters™ and created by seasoned curriculum developers, Cirrus is designed to deliver a premium learning experience for busy professionals with limited time.

## Eight core learning modules

Each module covers a core change management concept. Each module includes supplementary learning and quizzes.

## Self paced learning

Cirrus Change Readiness is self-paced and designed to provide critical education efficiently.

## Certified by experts

**Quality Matters™** certifies online and blended learning programs, ensuring professional standards are met.

**Do today what others won't,  
so tomorrow  
you can do what others can't.**

Use the  
lessons...

To build the  
skills...

To master  
change...

To own your  
future

# Don't wait for a crisis. Equip your teams to avoid it.

**Next Step:** Schedule a free 20-minute consultation to see how to prepare your teams for the changes in your pipeline—and everything coming after that.
