ABOUT

Kendra Coleman joined HHM as a staff accountant in 2017. Her primary focus lies within the audit department, but she also prepares business and individual tax returns.

She takes great pride in helping others and providing value-added work to the clients she works with. She is determined to continue learning in her public accounting career by gaining a thorough understanding of Chattanooga's vast variety of industries.

Before joining HHM, Kendra had the unique experience to work with the country's only vintage tire manufacturing company.

Kendra values her time with her husband, sweet Doberman Pinscher, family, and friends. She enjoys playing soccer, going on adventures and exploring new places, but she especially loves her city.
