## ABOUT

Brian Baker hails from Pennsylvania and brings 18 years of tax and accounting experience to HHM CPAs. He specializes in offering tax consulting and compliance services to for-profit businesses in a wide variety of industries.

Because of his specific expertise and ability to build trusted, long-term relationships with clients, Brian serves on the tax team at HHM. As well as being a superbly detail-oriented CPA, he stays informed on changes to the tax code and regulations. As a result, he often informs clients of deductions and credits that they never knew existed. His goal is to save tax dollars for every client, and he tirelessly works to reach that goal.

In his free time, Brian enjoys hiking, biking, bowling and reading. He can also be found spending time with his wife and kids exploring the treasures of the South.
