Accounting/Controller Support

Custom Report Development

## ABOUT

As an accounting and software consultant, Jessica Hetzler plays a vital role in client day-to-day operations. Working primarily with small to medium-sized businesses, she helps them fully utilize their accounting software, assisting with upgrades, installation, custom reporting, and new employee training. She also provides controller support as needed.

With nearly twenty years of experience, Jessica offers a broad range of expertise in accounting packages such as Sage 100 ERP (formerly Sage ERP MAS 90 and 200), Sage 50 (formerly Peachtree), QuickBooks, and custom reporting with Crystal Reports.

Jessica enjoys the long-term relationships she builds with each client, often becoming part of their team for many years. Before joining HHM, she served as an accountant for a local manufacturing company.

On the weekends, you can find Jessica spending time with her two sons, knitting, reading, or playing on the computer.
