ABOUT

Darrin Yoder has over 20 years of automotive accounting experience and is well suited to assist automotive clients in all aspects of dealership operations. He enjoys interacting with clients and their personnel, and strives to maximize client tax savings, employing advanced dealership tax strategies learned over his extensive career. He aims to become a trusted part of each client's team.

Darrin draws on his many years of experience to help clients find areas of their operations that can be made more efficient. He takes time to advise them on the best approach to take in any given area. Because of Darrin's acute attention to detail, his clients have benefitted financially from amended returns that he has prepared for them. They have peace of mind knowing that he is doing such thorough work to save them tax dollars.

While Darrin's specialty is in automotive accounting, he also has a good number of clients in other sectors. His clients are drawn from manufacturing, distribution, retail, healthcare, property management, and various service industries.

Darrin serves local and national dealership clients from Memphis. He finds his greatest enjoyment in becoming a trusted part of his clients' teams.
