ABOUT

Ann Marie Bishop is a senior accountant in the Memphis office with over 23 years of experience. Most of her experience has been garnered in private corporate accounting in a variety of industries such as oil & gas, real estate property management, fixed asset management and budgeting and forecasting. Her public accounting experience has focused on compiling financial statements for clients and filing various types of tax returns.

Prior to joining HHM, Ann Marie worked at several companies that included Shell Oil Company, Kimble & Company, CPAs, Servicemaster and more. She was also a Kindergarten teacher and an adjunct college professor at Southwest Tennessee Community College, University of Memphis, University of Mississippi, and Union University.

Ann Marie defines success as being happy in your work knowing that you have accomplished something that people value while helping your employers accomplish their goals. Ann Marie says she is a small town girl who headed to Houston, TX after graduating from college. Once she acquired her Master's degree, she returned to Memphis where she enjoys spending time with her dog and all of her nieces and nephews. She also enjoys singing in the church choir and the fellowship she has built with her church family.
