If your password has changed, you'll need to update your user credentials in Quomation AgencyStream to keep your real-time rating working smoothly.

If you're not sure how to update your credentials, no worries—we've included simple, step-by-step instructions below to help you out.
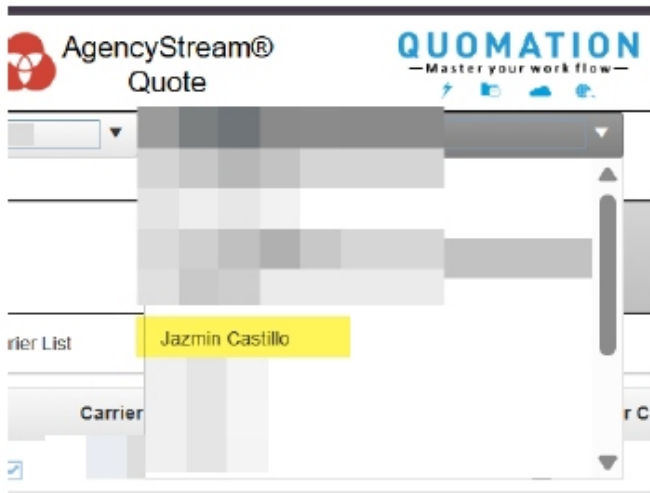

Step 1: Under the Settings on the homepage, click on 'Carrier Credentials'

Step 2: If the agency shares credentials in the drop-down list, select 'Master Account'

Step 2.2: If the agency does not share credentials, in the drop-down list, select your name

Step 3: Locate the carrier in the list and click on the pencil icon

Step 4: Update the credentials and click 'Update' - the Website Agent Number can be blank
