HOSES2U.COM

Mobile Hose Repair and Services

Say goodbye to costly downtime and cumbersome processes, and welcome efficiency, convenience, and reliability with open arms.

Some of the parts we carry:

- JIC and ORFS
- British fittings
- German (DIN) metric fittings
- CAT and Komatsu fittings
- High & medium pressure hydraulic hose
- Hose guard
- Hydraulic oil
- Spill cleanup products and equipment
- Oil Spill Eater
- Ultra Clean Pigging for hose cleaning
- Hose Tags

Time is of the essence when a hose fails.

Whether it's a machine on the factory floor or a piece of equipment in the field, when a hose fails the downtime is lost money.

You can send an employee hunting around town for a suitable replacement. But there's a better way: **Call the 24/7 mobile service of Tipco Technologies.** Our professional staff will come onsite and fix the problem.

We'll customize the hose for your specific application, provide expert installation and get you up and going. Whether you need a hose, an estimate or full service, please call us.

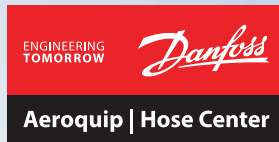

Super-fast, one hour ETA

Getting you up and running again is our highest priority. That's why we're available 24/7 and offer you a one-hour ETA.

All our technicians are highly trained and insured.

Equipment brands we service regularly include:

CAT | Bobcat | Liebherr | JLG | Genie | Takeuchi | Komatsu

Just a few of the industries we serve:

- **Equipment Rental:** Conducting hose surveys for preventative maintenance.
- **Construction:** Supporting construction projects with reliable hydraulic industrial solutions.
- **Metal Recycling:** Our metric fittings with the ability to withstand high pressures and extreme vibrations and our rapid response will have you up and running in no time.
- **Waste and Landfill Management:** Durable hydraulic hoses are essential, as well as a variety of fittings and O-rings.
- **Plastic Injection Molding:** Supplying hard-to-find fittings for plastic injection-molding clients
- **Trucking and Transportation:** Restoring snowplows to full operation
- And much more!
