Nationwide Gasket & Sealing Solutions

TIPCO Technologies delivers custom gasket manufacturing, engineered sealing solutions, and inventory management support through a nationwide network of strategically located facilities. With locations in California, Oregon, Texas, New York, and Maryland, we combine local expertise with national resources to provide responsive service, technical support, and reliable supply. From standard flange gaskets to highly engineered sealing solutions, our team helps customers reduce downtime, improve equipment reliability, and streamline procurement.

Custom Manufacturing Capabilities

Whether you need a single prototype, recurring production runs, or emergency replacement gaskets, our team can fabricate custom solutions to your exact specifications. Using customer drawings, CAD files, or existing samples, we replicate and produce parts through a variety of state-of-the-art processes.

Capabilities Include:

- Custom-made gasket fabrication
- Laser Cutting
- Flash Cutting
- Water Jet Cutting
- Die Cutting & Die Stamping
- Lathe Cutting
- Kiss Cutting
- NSF 61 Certified Gasket Manufacturing
- Aerospace and defense sealing solutions
- Reverse engineering and replacement gaskets
- Inventory programs and emergency service
- Technical Support for Failure Analysis
- CAD Drawings
- Torque Calculations and Gasket Stress Analysis
- Field Measurements

Trusted Sealing Partners

TIPCO works closely with leading sealing manufacturers to provide the products and technical expertise customers rely on every day:

Garlock® – High-performance sealing solutions, gasketing, packing, and fluid sealing products for demanding industrial applications.

Teadit® – Innovative gasket materials, spiral wound gaskets, compression packing, and sealing solutions for critical service environments.

American Biltrite® – Industry-trusted compressed fiber sheet gasketing and sealing materials for a wide range of industrial applications.

Certifications & Quality Standards

Built on Quality. Backed by Industry Certifications.

TIPCO's sealing and gasket operations maintain recognized industry certifications that demonstrate our commitment to quality, traceability, compliance, and performance across critical applications. Whether supporting municipal water systems, industrial manufacturing, aerospace, or defense programs, customers can trust our processes and products to meet demanding requirements.

ISO 9001:2015 Certified – Demonstrates a commitment to consistent quality management, continuous improvement, and customer satisfaction. Gasket Specialties Powered By TIPCO facilities in Portland, OR, and Richmond, CA, are both ISO 9001:2015 certified.

Certified to
NSF/ANSI/CAN 61

NSF/ANSI/CAN 61 Certified Gasket Manufacturing – Provides gasket solutions approved for use in drinking water and water treatment applications. TIPCO Technologies Glen Burnie, MD is one of only a few NSF 61 Certified Cutters in the United States.

AS9100D Certified – Meets the rigorous quality standards of the aerospace, aviation, and defense sectors. Gasket Specialties Powered By TIPCO in Rancho Cucamonga, CA is AS9100D certified.

ITAR
REGISTERED

ITAR Registered – Supports customers in aerospace and defense industries requiring strict compliance, security, and traceability. Gasket Specialties Powered By TIPCO facilities in Richmond, CA, and Rancho Cucamonga, CA, are ITAR-registered suppliers.

From industrial facilities and OEMs to municipal water systems and aerospace manufacturers, TIPCO delivers sealing solutions with the certifications and quality standards customers depend on.

Products

Elastomeric Rubber Cut Gaskets

NBR
Red SBR
EPDM
Neoprene
Cloth inserted Neoprene
FKM

Compressed Fiber Gaskets

Teadit
Garlock

PTFE

Virgin
25% Glass Filled
Teadit Tealon Modified PTFE
Garlock Gylon Modified PTFE
Expanded PTFE

Flexible Graphite

Homogeneous Flexible Graphite
Foil Reinforced Flexible Graphite
Tang Core Flexible Graphite
Mylar Reinforced Flexible Graphite
APX2 Flexible Graphite (high purity)

Pump & Valve Stem Packing

Carbon fiber & Graphite
Expanded PTFE
Aramid & Synthetic Fiber
Flax and Ramie
ePTFE Valve Stem Packing

Ceramic & Fiberglass

Tape
Twisted Rope
Braided Rope

Gasket Tape

Monoaxially ePTFE, wide tape
Graphite Tape - Crinkled
Graphite Tape - Crinkled w/ Adhesive
Graphite Tape - Smooth w/ Adhesive
Multidirectional ePTFE

Thread Tape

PTFE
ECOTAPE - ePTFE (low emission)

Fasteners

B7, B8, B8M, B16
PTFE-coated
Hex Head Bolts & Cap Screws
U-Bolts
Pipe Hangers
Cad Plated
Galvanized
Specialty Bolts

Metallic Pipe Flange Gaskets

Teadit 913
Teadit 913M - With Inner Ring
Multitude of materials and filler configurations
150# & 300# CMG Pipe Flange Gaskets
150# & 300# KammProfile Gaskets
Ring Joint Gaskets

Heat Exchanger Gaskets

KammProfile Gaskets
CMG - Corrugated Metal Gasket
Double Jacketed Gaskets

Expansion Joints

Elastomeric Spool
Metal
Flue Duct

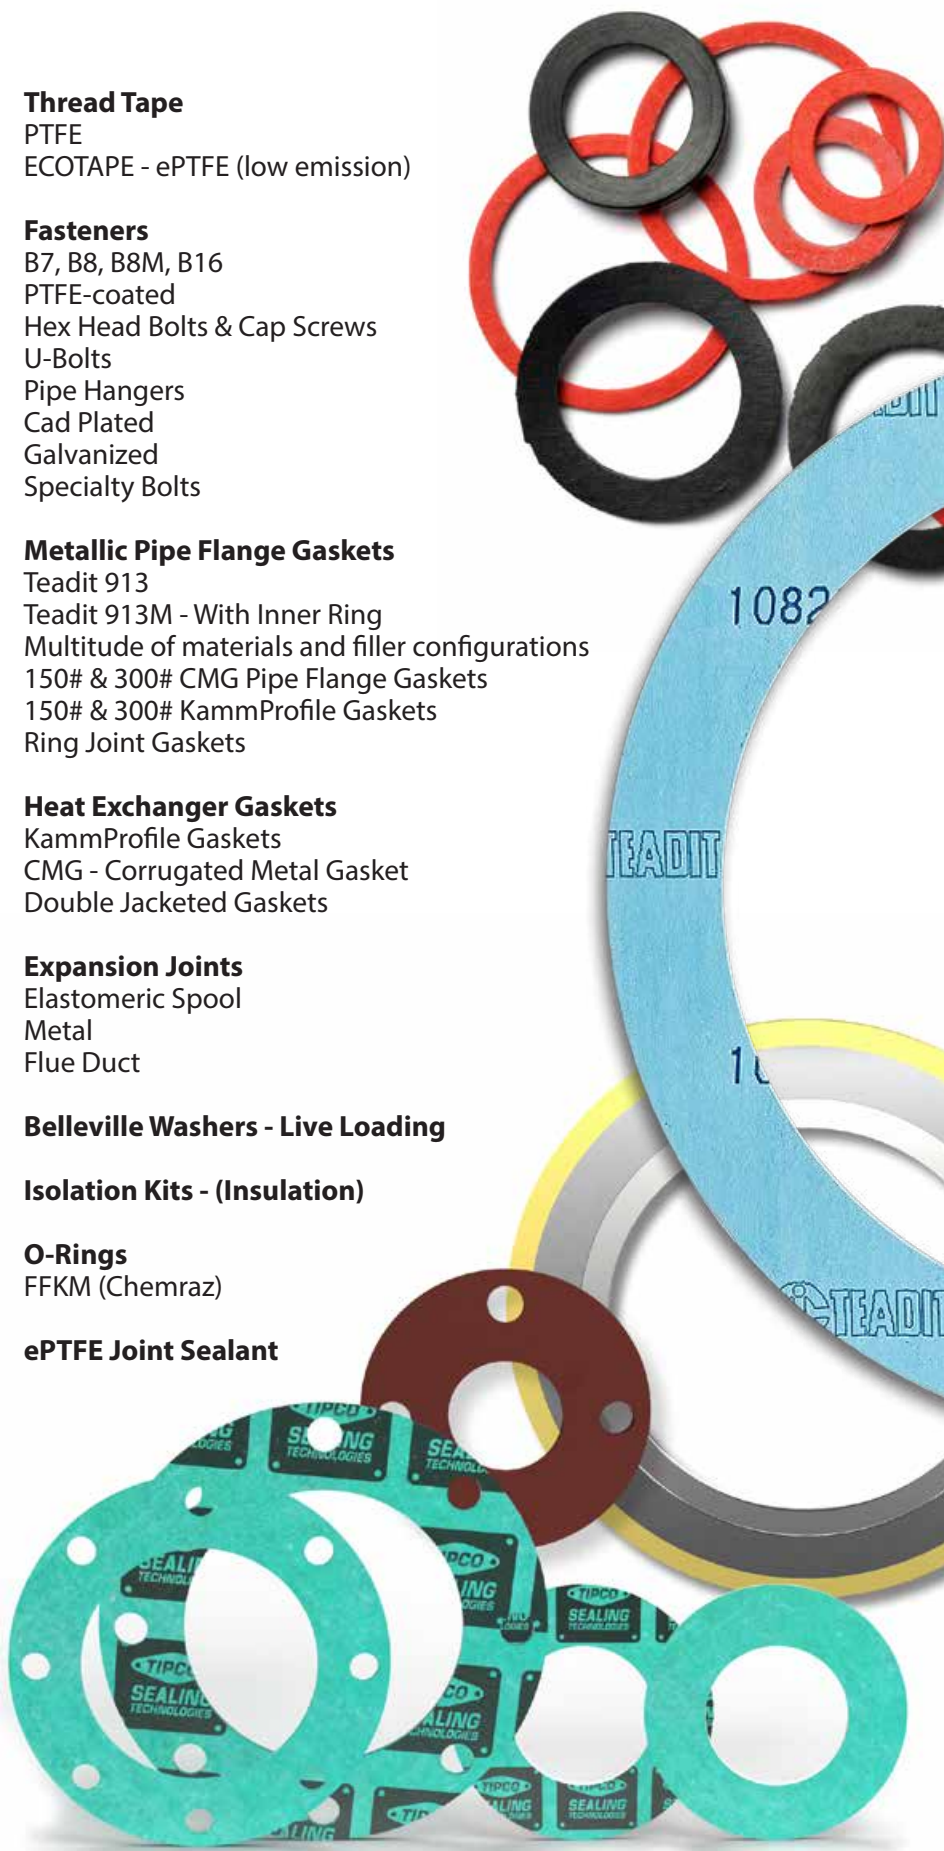

Belleville Washers - Live Loading

Isolation Kits - (Insulation)

O-Rings

FFKM (Chemraz)

ePTFE Joint Sealant

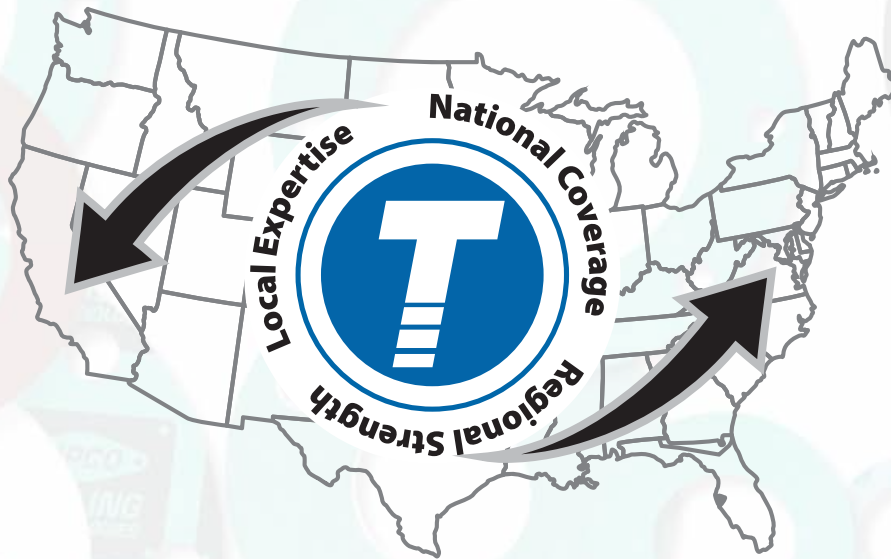

ONE TIPCO

People. Partnerships. Innovation.

ONE TIPCO signifies the strength and unity of our organization from coast-to-coast, driven by cutting-edge technology, strong brand identity, and forward-thinking strategies, powered by our dedicated people and partnerships, all working together to achieve excellence and innovation.

Powered By TIPCO

TIPCO Technologies is proudly made up of a diverse range of companies that enhance our offerings and capabilities, all powered by our unwavering commitment to quality and customer satisfaction. Each company in our family brings unique expertise and innovative solutions, allowing us to provide a comprehensive suite of products and services tailored to meet the needs of our customers. Together, we leverage our strengths to drive growth, foster collaboration, and deliver exceptional value, ensuring that our customers receive unparalleled support and the best solutions available in the industry.
