

TIPKITS

**TIPCO is proud to announce
our upgraded TIPKITS!**

Each 18"x12"x3" divided compartment box has a prime cold rolled steel outer shell that is powder coated with a durable gray finish. Each kit's cover has a full piano hinge that provides rigidity and a positive pull-down catch that keeps the cover tightly closed to prevent part migration. Kits are color coded and part numbers are listed on the inner lid for easy reordering.

TIPKITS

TIPKIT Caddies

TIP CADDY-2

The TIP CADDY-2 has 2, 40 lb. capacity per Easy Glide cradle. This allows the TIPKITS to move in and out smoothly. *Stackable

\$121.52

TIP CADDY-4

The TIP CADDY-4 has 4, 40 lb. capacity per Easy Glide cradle. This allows the TIPKITS to move in and out smoothly. *Stackable

\$164.36

TIP CADDY-6HD

The cradles on this heavy duty Caddy have ball bearing double slides. This allows each cradle to extend beyond the Caddy's opening allowing the kit to be fully opened and holds 75lbs. The 6HD includes a locking door with two keys.

\$164.36

Caddy Options

In addition to our new TIPKIT adapter sets

We offer the following cold-rolled steel reinforced slide rack Caddies for your organizing efforts. They are great for expanding onto new or existing slide racks.
