Profile

Product designer with 8+ years of experience in UX/UI software design and a holistic understanding of user experience. I've designed consumer-facing experiences for the 2+ billion users of WhatsApp and business-facing tools for Meta, and I currently lead design for Palantir's mission planning product suite, used throughout the U.S. Department of Defense.

Experience

Aug 2024 — Present

Product Designer at Palantir

For the past 2+ years, I've led product design for Palantir's mission planning team, building the product from 0→1 and scaling it across the DoD, from SECDEF-level strategic planning down to tactical ATO execution. It is Palantir's fastest-growing application in the defense space.
