

Called to Serve

Becoming a Governor within **Bosco Catholic Education Trust**

"Faith in action is love - love in action is service"
St Teresa of Calcutta

One of the greatest joys and privileges is to serve young people, make a difference to their life-chances and effect change in an education system that we have all been part of.

Volunteering as a school governor or Trustee for Bosco CET is hugely rewarding and genuinely helps the work of schools, offering professional challenge and support to provide the very best possible education to those entrusted to our care.

We offer plenty of training and support to those new to governance, so please consider this worthwhile opportunity. We try to keep meetings to a minimum and limit their length.

We are specifically in need of a Trustee with relevant **accountancy, audit or assurance experience** as well as **Foundation Governors** (practising Catholics) on local governing committees.

Please do get in touch if you are interested, either by contacting Jess Domondon jdomondon@boscocet.org.uk or via our website <https://www.boscocet.org.uk/become-a-governor/> to find out more and register your interest.

We look forward to hearing from you!

A Trust where all are known and loved
