

Garrett Guide Handheld Metal Detector

Product Code: 1080-26

WESTMINSTER
GROUP PLC

WESTMINSTER

Key Features

IP65 rating

7 selectable sensitivity levels

Rechargeable battery

Three-color LED indication

Refined and rugged design

Automatic tuning

Overview

The next generation handheld security

How do you improve on the world's most popular hand-held metal detector?

For nearly 40 years, the Super Scanner V has been the most trusted security handheld globally, with proven performance, tested durability, and hallmark Garrett simplicity.

Now, the Garrett Guide takes everything that made the SSV the global standard and raises it to the next level. From schools and stadiums to courthouses and casinos, Guide brings the performance you trust to a new level of refinement and ease-of-use.

The Garrett Guide™ is the most aesthetically sophisticated handheld detector on the market and is equally comfortable in a courthouse, a nightclub, or an airport.

Specifications

- **Three-color LED indication:**
Green LED = ON
White LED = STATUS/SENSITIVITY
Red LED = ALARM
- **Operating Temperatures:**
-4° F (-20° C) to 140° F (60° C)
- **Humidity:** 100%
- **Audio Frequency:** ~ 2 kHz
- **Tuning:** Automatic
- **Width:** 3.375" (9 cm)
- **Thickness:** 1.125" (3 cm)
- **Length:** 16" (41 cm)
- **Total Weight:** 1 lb (0.5 kg)
- **Environmental:** IP 65 rating
- **Battery Requirements:**
Lithium Ion 3.8V 2.5 Ahr (included)
Capacity 125 hrs
- **Warranty 3 Year:** Limited Parts/Labor

Guide Accessories

- Garrett Guide Charging Base
- Wrist Strap
- Holster
- High Current Power Adapter
(with International adapters)

Regulatory Information: Meets international security standards for airports, prisons, and special events and additional standards including ECAC and NIJ 0602.02. The Guide™ meets U.S. and international regulatory requirements for electromagnetic safety. Extensive research has found no information that would indicate Garrett products have adverse effects on pregnancy, medical devices (such as pacemakers) or magnetic recording media. However, directives by physicians and medical device manufacturers regarding metal detectors should be followed.

1. **Ultra sensitive response**
to all ferrous, non-ferrous and stainless steel weapons, contraband and other metallic objects
2. **Water resistant construction**
meets IEC 529 IP65 standards
3. **7 selectable sensitivity level**
indicates the detection of metal
4. **Switch-selectable vibrate or audio alarms with bright red LED**
indicates the detection of metal
5. **Refined and rugged**
with weatherproof microtexture rubber grip, powerful durability, meeting Military Spec standards for drop test
6. **Rechargeable battery**
with USB-C charging port
7. **No adjustments required**
8. **Eliminate Rebar Interference**
with the reduced sensitivity switch
9. **4 offset settings**
to eliminate walkthrough/handheld interference
