Letter From the CEO

Dear Supporters,

What a year it has been, and what a year it will be.

The young people we serve continue to come from some of our city's most vulnerable communities. Those most affected by economic hardship, inequity, and broader social challenges. Today, 97% of our students qualify for free or reduced-price lunch, and 96% are students of color. A powerful reminder of why our mission to provide consistent guidance, opportunity, and hope remains more important than ever.

On behalf of the board of directors, staff, and community we serve, thank you. We are deeply grateful for the support from our partners, donors, funders, and volunteers and remain dedicated to responsible stewardship. In 2025, we managed \$2.74 million in revenue and \$6.69 million in total assets, allowing us to continue vital programs while planning for the future.

However, we are becoming increasingly aware of the impact of lowered school enrollment and federal education funding on our co-founder Denver Public Schools. We know uncertainty in funding is coming our way. Even so, we will not waiver in our work and support of students. Our audit shows that 74% of our funding goes directly to programs, and we will continue to ensure our funding is directed to student programs and supports. Our ability to thrive amid uncertainty speaks to the collective strength of our community.

Despite all that goes on, Denver Kids had one of our most successful years in our history. We are celebrating a 94.8% on-time graduation rate and 81% of 2025 graduates are pursuing postsecondary education or are enrolled in the Gap Year track in the Denver Kids Youth Pathways Postsecondary Program. We are very proud of the Class of 2025!

We look forward to celebrating graduates like Jenny. Jenny is a Junior at KIPP Denver Collegiate High School and just completed the Medical Career Collaborative Internship at Denver Health. She has aspirations of attending medical school to become a doctor. Her Advisor, Arnoldo, says, "Jenny is a very intelligent young lady. Part of our social-emotional learning meetings have centered around finding intrinsic motivation and developing a strong sense of self and confidence."

Looking ahead, we remain committed to supporting students as they chase their dreams. Together, we'll keep building a stronger community and shaping bright futures for Denver's young people. Thank you for being part of this journey.

A handwritten signature in blue ink, appearing to read "Jay Grimm".

Jay Grimm, Proud CEO of Denver Kids

Meet Our Students

“One word to describe my experience in Denver Kids is magical. This is my last year with Denver Kids and it was a good end to my experience. It’s been inspiring and amazing, and I’ve been connected to so many mentors and peers. I think everyone should be in this program.”

— HaiNayKuPaw

“My Favorite thing about Denver Kids is the close relationship you create with your mentors and Advisors. Meeting people who actually care about your wellbeing, both academically and socially.”

— Andrea

“In elementary school and middle school Denver Kids Advisors helped me think about the importance of school and my connection to myself and other people. By High School I started thinking more about what I wanted to study. With the help of Denver Kids I am now studying something that I like and is a passion for me. I am proud of who I have become with Denver Kids support.”

— Samantha

"My Denver Kids Advisor has been a constant source of support, she motivates me and encourages me to stay in school. My Advisor makes sure I'm on track and if I ever fall behind she helps me come up with a plan to get me back on track. She listens to how I feel and always keeps it real with me."

— Adriana

"Joining Denver Kids has been one of the best choices I have made! From the constant help I get from my Advisor to the experiences I get to have, it genuinely adds new light to my life when I need it."

— Gabe

"Denver Kids events are awesome because they show me how I could turn what I love doing into an actual job someday."

— Arturo

"Thanks to Denver Kids, I've learned so much about perseverance, growth, and the power of a strong support system. My Advisor is always there, guiding me through every step, offering wisdom, and encouraging me to keep pushing forward. My Denver Kids mentor is a constant source of inspiration, helping me navigate challenges and find my strength. Their belief in me has made all the difference."

— M'ashyia

Our Mission

Denver Kids empowers students to positively shape their lives, successfully complete high school, and pursue postsecondary education options.

Our Vision

Every student graduates. Every student is prepared with life skills, equipped with a greater understanding of self, and empowered to pursue their meaningful pathway post-graduation.

Our Values

Integrity

We are truthful, equitable, and accountable in words and actions—even when it is hard.

Learning

We foster an environment of continuous learning with a growth mindset and train staff to be their very best.

Excellence

We focus on evaluating and strengthening our impact to be a center of excellence.

Leadership

We actively listen with curiosity, welcome feedback, practice empathy and hold each other accountable to bring out the best in others and ourselves.

Diversity, Equity, and Inclusion

We develop respectful relationships by embracing all individuals with their unique backgrounds and contributions on our path towards equity.

Who We Serve

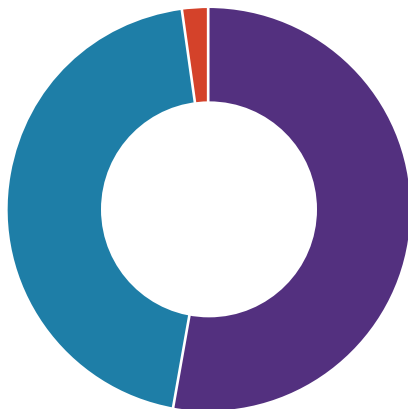

Of the more than 90,000 students enrolled in Denver Public Schools (DPS), **62.6% are Free/Reduced-Price Lunch Eligible (FRL)**, an indicator of poverty.

For young people who are experiencing the challenges of higher risk environments, outside factors often create roadblocks to their academic success and social-emotional wellbeing.

At Denver Kids, our model is a promising solution to counteract the challenges of poverty and the effects of stress and childhood trauma.

Where We Work

In the 2024-2025 school year, Denver Kids provided wrap-around support to **908 students in 70 district schools** and **38 graduates pursuing various postsecondary plans**, including two-and four-year colleges, trade schools, gap years, and employment. Our work helped improve attendance, respond to critical student needs, reduce discipline referrals, and increase graduation rates.

Our Approach

Denver Kids believes it takes academic support, enrichment, social-emotional tools, and future planning to unlock full, lifelong success for every student. Simply offering **one** or **some** of these elements isn't enough. Our students need—and deserve—the aggregate power of **all** of these supports. Our model, proven for nearly 80 years, is differentiated by strategically creating, and constantly evolving and improving, a holistic experience that supports young people as individuals, students, and future leaders.

Programmatic Elements

Denver Kids programming is student-driven, comprehensive, and proven effective **for nearly 80 years**. Students are provided one-on-one support during their entire time in Denver Kids, which, on average, is five years for Denver Kids graduates.

	One-on-One Advising	Relationship-driven support provided by long-term, trusted, expert Advisors.
	Social, Emotional and Academic Learning (SEAL) Tools	Infused throughout everything we do, with benchmarks and measures to ensure efficacy and continued improvement.
	College and Career Readiness	Helping students explore a myriad of opportunities after high school, including college, technical training, and career options.
	Postsecondary Programming	Supporting Denver Kids graduates in their first year of postsecondary transition as they pursue education and career opportunities.
	Enrichment Experiences	Connecting students to opportunities that stoke their curiosity and embolden their dreams.
	Mentorship	Volunteer mentors serve as another role model and cheerleader as students reach for their future goals.

Our Mentor Program

Denver Kids pairs qualifying students in our program with adult volunteer mentors for a minimum of one year. Mentors work closely with a student's Advisor to position the student for success by addressing their unique goals and challenges.

66 volunteer mentor matches, with mentors spending an estimated 5,664 hours with our students.
