About Denver Kids

In 1946, Denver Public Schools (DPS) and the Rotary Club of Denver partnered to form Denver Boys with the purpose of providing academic support, mentorship, and job skills for boys who were dropping out of school to work and provide for their families when their fathers did not return from WWII. Denver Girls was founded in 1970 to follow the same academic and mentor support model. In 1993, Denver Kids became the merged entities of Denver Boys and Denver Girls to consolidate programs and funding. In 2019, DK merged with Denver Urban Scholars (DUS), a fellow youth-serving organization committed to serving students facing barriers to high school graduation and educational attainment through mentorship and academic support.

Our unique public/private partnership with DPS continues today. Specializing in Academic & Social-Emotional Advising—a one-to-one, relationship-based, long-term approach dedicated to building character, academic achievement, and positive development of the whole child. Denver Kids strives to help students use education and the development of social and emotional skills as tools to create career and college pathways.

Who you are

You are able to thrive in a changing environment focused on continuous learning and professional development. You are passionate about our mission and can drive accountability and productivity while building a collaborative and connected environment for our team and students to thrive. You work alongside the youth to elevate their voices, strategically provide resources, and strive for continuous program improvement.

Position Summary

The Denver Kids Advisor (DKA) will work directly with young people at a school within DPS. The DKA will build and maintain strong relationships with personnel in school partner systems to ensure a team-based approach. The DKA is a coach and advocate, working closely with the youth, mentor, family, and school to provide wrap-around support. Through our Program Model called THRIVES, each DKA will be responsible for engaging in our Toolkit for Holistic Relationships, Intentional Validation, Entrepreneurship, and Social-Emotional Academic Learning (SEAL), with students. As part of this toolkit, DKAs will be facilitating monthly modules with students focused on social-emotional skills, financial education, and college and career readiness that can include utilizing a curriculum. In addition, the DKA may facilitate social-emotional groups and be involved in matching their students with volunteer mentors.

Primary Responsibilities

- Case Management
 - Conduct year-round case management services for 55 youth and their families, and mentors by providing one-on-one coaching, life skills education, and basic advising, which may also include home visits and providing resources
