

## Letter of Continued Interest – Graduate School Waitlist

Dear Admissions Committee,

I appreciate the opportunity to remain under consideration. Being placed on the waitlist allowed me to reflect more intentionally on my academic direction, and it confirmed that your graduate program is where I hope to continue my studies.

The work since I applied has remained focused and meaningful. This term asked for patience, particularly with projects that unfolded over weeks and required sustained attention. That process sharpened how I research, organize ideas, and see work through to completion. Alongside academics, I stayed committed to responsibilities that required planning and accountability, experiences that strengthened the habits I rely on as I prepare for graduate-level study.

The more I learn about your program, the more the intellectual environment stands out. Careful inquiry, depth, and collaboration seem central rather than peripheral. Hearing current students talk openly about their experience helped clarify that curiosity is valued and expectations are clearly set. That combination fits where I am in my academic development.

I want to state my intent plainly. If offered admission, I would accept without hesitation. Your graduate program is where I hope to continue my studies.

Thank you for the time and care you bring to this process. I appreciate the opportunity to remain under consideration and would be glad to provide any additional information if helpful.

Sincerely,

[Your Name]
