

Letter of Continued Interest – Fellowship Program Waitlist

Dear Selection Committee,

Thank you for continuing to consider my application. Being placed on the waitlist gave me time to reflect more carefully on my goals and how this fellowship fits into the work I want to pursue. That reflection has only strengthened my interest in the program.

Since applying, my work has required sustained focus and responsibility. Projects progressed through planning and patience rather than quick resolution. That experience sharpened how I approach complex problems and collaborate with others. Alongside this work, I continued taking on responsibilities that required independence and clear communication. These experiences reinforced habits that closely align with the goals of this fellowship.

What continues to resonate with me is how the program brings intellectual depth and practical growth together. Mentorship appears thoughtful, and engagement feels purposeful. Listening to past participants talk honestly about their experience made it clear that curiosity is supported and accountability matters. That environment fits where I am right now.

I want to be clear about my intentions. If offered a place in the fellowship, I would accept immediately. This program remains my first choice, and I am fully prepared to commit.

Thank you again for the time and care you bring to the selection process. I appreciate the opportunity to remain under consideration and would be glad to provide any additional information if helpful.

Sincerely,

[Your Name]
