

Letter of Continued Interest – College Waitlist

Dear Admissions Committee,

Thank you for continuing to consider my application. Being placed on the waitlist gave me time to reflect more carefully on my plans for next year, and that reflection has only reinforced my interest in your school.

My academic focus has remained steady since submitting my application. This term demanded a more consistent approach, especially in coursework that rewarded long-term engagement. My recent grades reflect that change. Beyond academics, I continued responsibilities that required reliability and initiative, which further shaped my academic priorities.

What keeps bringing me back to your school is how naturally it fits the way I learn and work. The academic culture encourages real engagement, and the campus has a sense of direction that resonates with me. The more I have learned about the program and listened to current students describe their experience, the clearer that fit has become. I can genuinely see myself contributing here, both in the classroom and beyond it.

I want to state my intent plainly. If admitted, I would accept without hesitation. This school is where I hope to enroll.

Thank you again for your time and thoughtful consideration. I appreciate the opportunity to remain under review and would be happy to provide any additional information if helpful.

Sincerely,

[Your Name]
