

## Letter of Continued Interest – Deferred Application

Dear Admissions Committee,

Thank you for continuing to review my application. The deferral provided an opportunity to reflect more carefully on my academic goals and the environment in which I hope to pursue them. That reflection has only reinforced my interest in your institution.

Since submitting my application, my academic work has remained focused and consistent. This term required sustained effort, particularly in courses where progress depended on steady engagement rather than short-term preparation. My recent grades reflect that adjustment. Beyond coursework, I continued to take on responsibilities that required reliability and initiative, experiences that helped clarify my academic direction and priorities.

What continues to draw me to your school is the overall academic culture. The level of engagement, seriousness of inquiry, and sense of purpose on campus align closely with how I approach learning. Continued research into the program and conversations with current students have strengthened that impression. I can clearly envision contributing to this community in meaningful academic and extracurricular ways.

I would like to be clear about my intentions. If given the opportunity to enroll, I would accept immediately. Your institution remains my first choice.

Thank you again for the time and care given to my application. I appreciate the opportunity to remain under consideration and would be glad to provide any additional information if helpful.

Sincerely,

[Your Name]
