## FAST FACTS

**Evolve** is designed to take each child on a journey of personal mastery, using trend setting curriculum mapping systems developed by MIT, where they progress at their own deliberate or accelerated pace.

### Curriculum developed by master teachers

We follow a project-based learning approach with performance-based assessments that focus on **mastery**

Students can progress at their own pace

Slow down to work more deliberately

Speed up and advance if talented and keen

### Healthy, scheduled peer interaction

Including geographic clustering, collaborative tasks, pair work, scheduled academies, studios and day camps

Live lessons with a learning activator and classmates

### Age-appropriate life coaching

### Grades R to 3 get a monthly Adventure Box!

**ADTECH**  
GROUP

A member of The ADvTECH Group, Africa's leading private education provider. Supported by a Central Academic Team and academic experts.

I

**Invention and Design**  
including Entrepreneurship and Technology

D

**Discourse and Thinking**  
Including Global Competencies

E

**Earth Studies**  
Including Human Social Science and Geography

A

**Art and Culture**

S

**Science**  
Including Natural Science

### Affordably-priced tuition

Through our strategic partnership with Think Ahead, the distributors of Apple in South Africa, we will supply student's devices with all the required books and apps they will need. All e-books and apps are included in the annual tuition fee.

Machine learning is expertly used to:

Track mastery and record progress

Map each student's pathway

Custom-direct the next stage of the learning journey

Mastery of devices, apps and tools

Navigating and evaluating content

Responsible digital citizenship

Developing Digital Mastery

Connecting and collaborating

Fact-checking

LEARN WITHOUT LIMITS.
