Redruth Learning Centre, situated in New Redruth, a sought-after residential area of Alberton, is a registered, Christian based, IMPAQ and Cambrilearn Tutor Centre providing guided tuition to learners from Grade R to Grade 12. By means of the CAPS curriculum, learners are able to obtain their National Senior Certificate. A variety of subjects are offered and supported by qualified, competent and experienced educators. Additional classes, examination training and assistance with projects are offered. Subjects include the mainstream CAPS subjects but also Robotics, Coding and Entrepreneurship.

At Redruth Learning Centre we strive to allow every individual to grow and reach their goals and potential within their own individual frame of reference. We encourage individuality and the exploration thereof. Our class groups are small, with a maximum of 10 learners per group. The educator learner ratio is thus 1:10. The learner profile that we cater for includes the following:

- Learners who require non-normal schooling hours because of illness (e.g. dialysis, etc);
- Learners who adhere to non-normal hours because of provincial, national and international sport participation;
- Learners with learning barriers (e.g. dyslexia); speed of completion of work
- Learners with developmental difficulties (e.g. autism);
- Learners with emotional, social and interpersonal relationship problems; and
- Home schoolers who are not able to work independently or those feeling isolated or insucure

The Learning Centre is open from 06:30 till 17:00 Monday to Friday. Academic teaching takes place from 08:00 till 14:00. The Centre is open during school holidays because most parents work full day.

Redruth Learning Centre's icon (pencil with a lightbulb at the end) symbolizes the freedom that learners are given to learn through play, work and experience. We pride ourselves in inspiring learners to set their own goals while we guide and offer support in order to reach those goals. The continuous line on the page up to the pencil and lightbulb, refers to the creative flow and the infinite possibilities that learning provides.

Redruth Learning Centre is a fully bilingual centre, offering an Afrikaans and English learning medium. We strongly support mother tongue education. At the Centre we also take into account the physical well being of learners and therefore avail a variety of furniture items such as low tables where learners can sit on the floor; high tables where learners can stand and work; crates and balls serving as chairs and chairs without back rests.

The individual development of each child becomes our priority, therefore only qualified and experienced educators are appointed to guide learner to becoming confident, educated and experienced adults. Our educator profile includes the following:

- 6 qualified educators (1 per class group of maximum 10)
- Teaching experience of more than 40 years.

Redruth Learning Centre offers the following services:

- Home Schooling Support
- Afterschool Care
