3D Animation

Diploma NQF 6

01

Animation is a magical world where stories come to life

02

Create dynamic movement and fantastical creatures

03

Breathe life into characters and **create entire worlds from scratch**

04

Create adventures of heroic battles

05

Mentored by professionals who are actively involved in the industry

Core topics:

Animation Design and Principles | Life Drawing | Writing Development | Film Studies | Technical Literacy | Game Art | VFX | Final Project

What you will cover:

In the realm of 3D, your imagination is the only limit to what you can create. Our diploma programme is your gateway to unlocking the full potential of **3D animation**, opening doors to a myriad of **industries including film, television, advertising gaming and web design**. With game design integrated into your final year, you will be equipped with the skills needed to thrive in this dynamic field. Dive deep into **industry-standard software** like Maya, 3DMax, Illustrator, Premiere, Mudbox, Motion Builder, Blender and After Effects, mastering the tools of the trade. From **VFX to rendering, compositing and audio techniques**, our comprehensive curriculum **covers every aspect of animation post-production**. But it's not just about mastering the software – our **projects are highly practical and collaborative**, giving you **real-world experience** and insight into industry-standard pipelines. And when it comes time to showcase your work, our **annual festival** provides the perfect platform to shine. With a **professional portfolio** in hand, you will be ready to impress future employers in the film, television, and video game industries. Plus, with **opportunities for work-integrated learning** outside the classroom, you will gain invaluable real-world experience that will set you apart in the competitive world of 3D animation. So, if you're ready to turn your passion for animation into a career that's truly out of this world, join us and let's bring your imagination to life in stunning 3D.

Duration: Three years. Full-time

This course opens the doors to the following career opportunities

- Television motion graphics
- 2D and 3D modelling
- Character animator
