### **About ANW**

American Northwest Distributors was born from a single 20-foot container of Spanish wine and a conviction that the Pacific Northwest deserved access to the world's finest producers. Today we import and distribute over 4,000 wines, spirits, and specialty beverages across Washington, Oregon, and Idaho — curated with the same precision and passion as that first shipment. This catalog represents a curated selection. Browse our complete portfolio at [app.anwdistributors.com](http://app.anwdistributors.com).

## STEMWARE

Zalto is an Austrian glassware house whose hand-blown crystal has become the benchmark for fine wine service worldwide. Designed using centuries-old Venetian techniques, Zalto glasses are blown to angles corresponding to Earth's orbital tilt (24°, 48°, their combination) — said to enhance aromas and bring wines into harmony. Each piece is dishwasher-safe, extraordinarily lightweight, and virtually indestructible. ANW is proud to be Zalto's Pacific Northwest partner.
