We are looking for Compassionate Connectors to help those who are caring, dying or grieving get the support they need.

### What our Connectors have shared:

"So rewarding to watch people's quality of life improve."

"Feels like you are making a difference."

"Learnt a great deal."

**Compassionate Connectors** support people within the Parish living with chronic or life-changing illnesses, their carers, those who are alone or grieving, those who are dying, and those who are caring for dying family members or friends by helping them map and grow their care networks.

These Connectors assist individuals to identify social and practical support and to engage family, friends, community members and local services for help. All Compassionate Connectors receive training and are supported by a Coordinator who matches Connectors with persons in need based on skills and interests.

Attendees who express their interest at the information session will be invited to take up the Compassionate Connector training at a later date (TBA).
