WELCOME MESSAGE

Damien Honan OXFC Foundation Chair

I am excited to announce the launch of the Old Xaverians Football Club (OXFC) Foundation. After the celebration of 100 years of the OXFC in 2023, the OXFC Committee asked a Foundation to be established that will promote the growth and development of Australian Rules Football by supporting activities, players and future players of the OXFC, including all current & future teams and affiliated teams for both men & women.

Our football club has grown over its 100 years from a single side team, to now fielding 400+ players in 11 teams, including 2 female teams, showcasing the strength and diversity of Xavier football at all levels.

The OXFC Foundation will assist the club to promote the sport of Australian Rules Football and in the future other sports if the club support through its community and the men and women who are connected to them.

Activity that may be considered for support would include the establishment, improvement and maintenance of training and playing facilities, community programs, the pursuit of sporting best practice or other special projects considered suitable. All operations of the OXFC Foundation will be within the Victorian Amateur Football Association (VAFA) guidelines and requirements.

I am lucky to be joined by some great Old Xaverians on the OXFC Foundation committee, including Jack Bowen, Bill Denton, Neal Dunne, Nick Martin, Rob Ralph and Jack Rush. Together with the OXFC Committee, we have prepared a purpose and constitution that will help govern the foundation and guarantee all funds raised serve the purpose of the Foundation.

Our immediate goal is raising a corpus of funds that will generate a meaningful flow of income and dividends that could be used by the Foundation to assist the Club to conduct its sporting activities and serve its community charter.

I look forward to the first chapter of the OXFC Foundation and securing a strong future for the football club.

Go Xavs!
