

Key Instant Recall Facts

Year 1 Spring 1

I can use number bonds and related subtraction facts within 10.

Example Questions

What do we need to **add** to 4 apples to make 9?

What is the **difference** between 9 and 7?

If I have 2 toy cars, **how many more** do I need to get 10?

Activity Suggestions

Rainbow bonds — children can draw their number bonds in different colours.

Pegs— put 9 or 10 pegs on a coat hanger and split them in different ways. Look at how many are on each side. For example, 3 pegs and 7 pegs equals 10 pegs.
