Performance

Our Year 5 class on the Bellinge Campus have been working on a performance piece around their work on the Shakespeare play 'A Midsummer Night's Dream'. This performance includes music, drama and a dance created by the children to represent a section of the play. This will then be put together with other sections of the play by other schools in our Trust and then performed at The Derngate.

If you would like to book tickets to watch the production, please use the link below.

The children in Year 5 on the Ecton Brook Campus will be performing at The Derngate in The Big Sing later in the year. We feel that attending and performing in the theatre is an experience our children will always remember.

7 Steps to Good Digital Parenting

In case you missed our latest Online safety leaflet, The Family Online Safety Institute have created seven steps to assist you as a digital parent. Find out more here:

7 Steps to Good Digital Parenting - Family Online Safety Institute

The latest online safety leaflet can be found on the school website.

NSPCC Assemblies and workshops

All children will have an assembly from the NSPCC this term and Year 5 and 6 pupils will take part in organised workshops on the theme of 'speak out, stay safe'. Children will fill in a survey at the end of the workshop to give their views on the sessions.
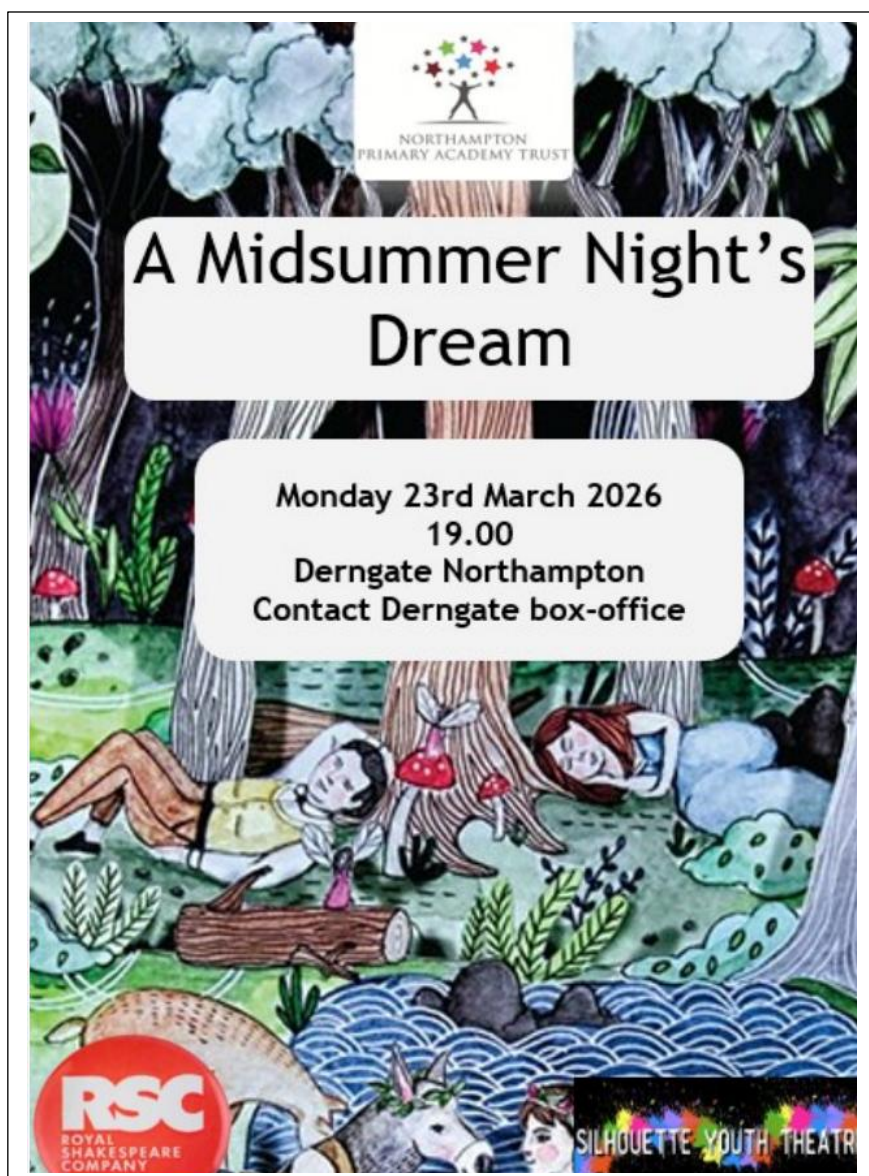

New Trust Code of Conduct for Parents, Carers and Visitors

We are very proud and fortunate to have a dedicated and supportive school community, and we recognise that the education of our children is a partnership between the school staff, governors, parents and carers. The new parent, carer and visitor code of conduct, which is formed by NPAT, our Trust, is now available on our school website and we would like to ask that all parents, carers and visitors take time to read, understand and adhere to this unsigned agreement between yourselves and Ecton Brook Primary School. We have such positive, supportive parents and carers and we appreciate your support. It is very rare that this code has to be applied because of negative behaviour, however, it is there to safeguard all.

Solihull Approach to Parenting

UNDERSTANDING YOUR CHILD

SOLIHULL APPROACH

Parenting Sessions

After another very successful parenting group in the Autumn term we are looking at starting a new group from 26ᵗʰ February. This 10-week course will be based at our Bellinge Campus.

If you are interested in joining these sessions please book a place on the course by contacting the school office.

Safety Online - Roblox

We have been made aware that the Roblox system has introduced a facial recognition system to check the ages of people using the system.

Once users complete an age check, they are assigned to one of six age groups: under 9, 9–12, 13–15, 16–17, 18–20, and 21+. By default, users in each age group can chat with users in the groups directly above and below theirs (i.e., users 9-12 can chat with users in their own group, as well as those in the under 9 and 13-15 groups.) This facial recognition is not always accurate meaning that some of our children have been identified as over 18.

To safeguard Roblox's youngest users, chat is turned off by default for children identified as under age 9, unless a parent provides additional consent.

Please check age identified and chat groupings for your child, to ensure they are not in older chat groups.

Mental Health Week

Children's Mental Health Week 2026 takes place from 9th to 15th February, and this year's theme is 'This is my Place'.
As a school we will be having assemblies and classroom activities to support the children with their sense of belonging.
