

Andres Lopez

Senior Product Designer

Valencia, Spain · +34 603 143 630 · uxdesignandres@gmail.com
andresux.design · linkedin.com/in/andres-ux-designer

Summary

Product designer with six years in B2B SaaS, cloud, cybersecurity and AI. I set up Darktrace's first design system and OpenNebula's design tokens, and I prototype in code so engineers build from working specs.

Experience

Product Design Consultant, OpenNebula · Valencia, Spain Apr 2025 – Present

- Lead the redesign of Sunstone, OpenNebula's cloud management console: navigation, resource views and detail drawers across 21 resource types.
- Presented the redesign to the community in OpenNebula's official 7.4 release webinar.
- Built the design system: Figma tokens for light and dark mode, a published component library, and a pipeline that keeps code prototypes on those tokens.
- Took two new products from first idea to tested prototype: OneLLM (AI inference management) and OneSlurm (HPC workload management).
- Specify features as interactive HTML prototypes that engineering builds against.

Freelance UX Designer, Independent · Spain Jul 2023 – Present

- Redesigned generative-AI and mobile apps for early-stage clients, cutting drop-off by 40% and task time by 28%.

AI Product Design Consultant, Vidext · Valencia, Spain Aug 2024 – Oct 2024

- Designed a tool that builds a brand style guide from a customer's logo and website, so generated videos stay on brand.
- Redesigned the prompt-generation flow; project completion rose 20%.

Senior UX Designer (Freelance), Beatclap · Valencia, Spain Aug 2023 – Aug 2024

- Redesigned the core of Beatclap's web and iOS app for independent artists; active users rose 30% and retention 15%.

User Experience Designer, Darktrace · Cambridge, UK May 2021 – Apr 2023

- Set up the company's first design system and led design on its 3D and SaaS products.
- Designed the Darktrace mobile app for iOS and Android and dashboards for cloud security.
- Led cross-functional teams from development to launch; on-time delivery rose 55%.

User Experience Designer, Design Agency · London, UK Sep 2020 – May 2021

- Brought every product team onto a shared design system.

Education

MA User Experience Design, Birmingham City University 2019 – 2020

BA (Hons) Marketing Management, University of Wolverhampton 2016 – 2019
