EMORY UNIVERSITY

EmoryCard

EmoryCard is your official Emory University student ID, giving you access to a variety of on-campus services including library and gym facilities as well as printing through Eagle Dollars.

It is **mandatory** for all incoming **Nursing Students** to have a photo uploaded and approved no later than:

Summer Start - Thursday, May 5, 2022
Fall Start - Monday, August 1, 2022

Remote students are still required to upload a photo of themselves and a full image of their government issued photo ID to the [EmoryCard Photo Upload](#) website. EmoryCards are only printed for students participating in in-person, on-campus programs, but the photo is required for class rosters and program databases. You can see an online version of your card by downloading the [EmoryCard Mobile App](#). Questions can be directed to our team at [emorycard@emory.edu](#).

It's as simple as taking a **SELFIE** in front of a blank white wall

√ Is the photo a headshot of you **ONLY**?

√ Are eyes open and clearly visible?

√ Is the photo in JPG file format?

√ Is the photo at least 512 X 512 pixels in size?

Images will be <u>disapproved</u> for the following: non-white background; visible mask, visible headphones/earpods, head is turned or facing away from the camera; other people or objects in the photo; hats or sunglasses; clothing that obscures the face; glare on glasses; shadows in the background or across the face; image is not a clear, high resolution, digital, color image.

First Year Students will receive their EmoryCard during orientation or move-in.

Please do not visit the EmoryCard office to pickup your EmoryCard prior to your scheduled orientation.

You are required to upload a recent photo of yourself and an image of your government ID.
